

## Governor Favors State Paying More For Elimination

**Special Message to Legislature, Governor Smith Advocates Legislation for State to Pay 40 Per Cent of Eliminating Railroad Grade Crossings.**

Albany, N. Y., Feb. 7 (AP).—Governor Smith, in a special message to the Legislature last night, recommended legislation which would make the state pay 40 per cent of the cost of eliminating railroad grade crossings. At present, the Legislature divides the remaining 50 per cent between the state and locality in the proportion of 50 per cent to 50 per cent.

"After all, what the state and its people are seeking," said the governor, "is the elimination of these dangerous death traps which have taken an enormous toll in human life and have been so destructive of property. Taxation, after all, is taxation levied by the state or by the locality. Ultimately, the money comes from the people of the state, and I am unable to see the difference between paying by the state in the first instance and assessing back against the locality."

Recalling that the \$300,000,000 made crossing elimination amendment to the Constitution adopted in 1925 provided that the state should pay 25 per cent of the elimination cost, and the locality 25 per cent, the governor continued:

"After the adoption of this amendment, when it was sought to make it effective by law, it was found that one of the most serious obstacles in the way of progressing the work was the inability of the local governments to finance their share of the cost of elimination. Some of the communities were so small in population and had so low an assessed valuation in property, that they were unable even to pay themselves of the state's offer of a loan. The larger communities, because of an opinion of the attorney general, were compelled to include in their indebtedness which we know, is limited by the Constitution and a great many were close to the limit."

"The amendment adopted in 1927 provided that the county or the city should be the local unit. The railroad's share of 50 per cent was undisturbed."

"It appears, after a study, that few of the railroads desire to borrow from the state. This situation increases the amount which the state is authorized to borrow toward the payment of its own share of the cost of eliminations."

## Sudam Portrait Given to County

**Portrait of Noted Ulster County Man, Painted by the Younger Vanderlyn, Becomes Property of Ulster County Under Miss Ingraham's Will.**

Under the will of the late Miss Mary H. S. Ingraham of this city, the county of Ulster becomes the owner of a portrait of John Sudam, who was one of the noted men of the nineteenth century.

The portrait has been presented to the county by F. J. R. Clarke, executor of Miss Ingraham's estate, in the following letter:

Kingston, N. Y., January 24, 1928.

Hon. G. D. B. Hasbrouck, Justice of the Supreme Court of the State of New York, for the Third Judicial District, Kingston, N. Y.

Sir:

As executor of the estate of Mary H. S. Ingraham, late of the city of Kingston, I have the honor and duty to carry out the seventh clause of her will, wherein she bequeaths unto the county of Ulster, New York, the portrait of John Sudam by Vanderlyn, with the request that the same be placed in the court house of the said county of Ulster, New York, and to respectfully ask that it be accepted by you, as representing the county and by your authority and the exercise of your influence cause the wishes of the testatrix be carried out.

I am informed that this portrait is a copy made by the younger Vanderlyn from an original portrait painted by John Vanderlyn, the renowned artist of the early nineteenth century, an illustrious citizen of Kingston, said to be a protégé of Aaron Burr. This original portrait of John Sudam is now part of a collection of paintings in the city of New York.

As a matter of record, I take the liberty of referring to the distinguished career of John Sudam for the benefit of others not so well informed regarding his career as your honorable self. It is written in Schoonmaker's History of Kingston: "John Sudam was in 1820, and had been for a number of years, one of the leading and most successful members of the bar of this county. He also took a very active interest in politics, and his reputation as a lawyer and a politician was not confined to this locality. In 1823 he was elected to the State Senate, and was one of the so-called 'Immortal Seventeen' senators who defeated the electoral bill, which was designed to give the choice of electors for President and Vice President, to the people instead of their being appointed by the legislature, as the law then stood."

He represented this district in the New York Senate from 1823 to 1835, twelve years. On March 31st, 1839, he was appointed one of the regents of the University of the State of New York. He died at Albany in 1853.

He is also referred to in Clearwater's History of Ulster County as having attained great eminence professionally and served with equal distinction in the State Senate.

When notice was given that the books for subscription to the stock of the Ulster County Bank, the first bank to be formed in Ulster county, dated March 24th, 1831, John Sudam was one of the commissioners.

I have the honor to be very truly yours,

FREDERICK J. R. CLARKE, Executor of the estate of Mary H. S. Ingraham.

## Dog Had Rabies And Other Dogs Must Be Muzzled

**Fox Terrier That Bit Several People Here Last Week Found Rabid—All Dogs Allowed to Run Loose Must Be Muzzled—Order in Effect Today.**

The board of health on Monday afternoon received a report from the Lefebvre Laboratories that the fox terrier that ran wild last week uptown, biting several people, had been found to be suffering from the rabies. The rabid dog had bitten at least one other dog, and for that reason the health board Monday morning issued a drastic order that all dogs running at large on the streets must be muzzled.

The order regarding the muzzling of dogs went into effect at noon today and will be strictly enforced by the police department. The order will remain in effect until rescinded by the board of health.

Those dog owners who do not wish to muzzle their dogs must keep them tied up on their own premises as no unmuzzled dogs will be allowed the freedom of the city's streets. All dogs found without license tags will be killed by the police.

The muzzling order that has been put into effect by the health board is similar to that enforced in other cities of the state where rabies were suspected. The power to issue such an order is given the board under the state health law.

## Troopers Nipped Bootlegging Bud

**Three Colored Youths Took Possession of Berrypickers' Shack in Southern Ulster and Made Still From Wash Boiler—In Jail for Disorderly Conduct.**

A budding bootlegging business was nipped in the bud Monday morning when Sergeant John Lockhart and Corporal Baker of the State Troopers discovered a small still on the Lee Craft farm between Milton and Marlborough. Three colored youths had taken possession of a berrypickers' shack on the Craft farm during the absence of Mr. Craft, who is in Florida, and set up a small still made from a wash boiler. Two barrels of corn mash were found and destroyed by the Troopers. No one was around at the time but a watch was kept on the building and Monday night the three youths appeared on the scene to "fire up" the still and they were taken in custody.

They gave their names as John Williams, 20; Clifton Baynes, 17, and Richard Baynes, 16, and said they worked and lived at Roseton. When the three were arrested they informed the Troopers that they had taken possession of the shack during the absence of Mr. Craft and had made themselves at home. Bunks were in the building and they moved in and set up the wash boiler still. They claimed that James Pelen, a colored man, was the owner of the still but he denied having any knowledge of it and was not held by the Troopers.

Arraigned before Justice Doyle S. Hutchins at Marlborough, the three youths pleaded guilty to a violation of section 45 of the penal law, a disorderly conduct section, and a fine of \$25 each and six months in the county jail was imposed. The jail sentence, however, was suspended. The three were taken to the Marlborough lock-up until this morning when they were given an opportunity to get the cash before being brought to jail.

It was about 10 o'clock Monday night when the three were arrested as they came back to the shack to fire up and cook their brew. When they arrived they discovered their two barrels of mash had been dumped, but before they could make a getaway they were placed under arrest.

## Double Capacity Of Institution At Napanoch

**State Commission of Correction Favors Legislative Appropriation Which Would Allow Institution for Defective Delinquents to Care for 1,000 Inmates—A "Unique" Institution.**

The State Commission of Correction in a report made public Monday night recommends that the Legislature make available sufficient funds to provide for the care of 1,000 inmates at the State Institution for Defective Delinquents at Napanoch, which means virtual doubling of the institution's capacity. These funds, to the amount of \$700,000 have been allocated from the authorized public bond issue and would go toward construction of a new cell house and dormitory.

The inmate population of the institution now averages about 630, but the commission felt that since many of these persons never return to society, provision for their permanent custody should be made. Several hundred persons now confined in other penal and correctional institutions also are eligible to be transferred to Napanoch.

"The institution is unique," the report states, "in that it is a peculiar and difficult problem of administration. It deals with boys and men between the age limits of 16 and 70 years, and of various mental capacities, from the ordinary feeble minded to imbeciles and idiots. The staff seems to be well fitted for the highly specialized task in hand."

Each Case Studied.

Concerning the personnel of the institution's management, the report states:

"The superintendent, Dr. Walter N. Thayer, Jr., is a psychiatrist. Physical and mental examinations are being constantly conducted and cases studied and records of each inmate made. There is also a psychiatric examiner, parole officer and assistant parole officer employed on full time. An oculist and dentist visit the institution occasionally."

A staff house is listed as being a most imperative need of the institution.

Insufficient Pay for Teacher.

Other recommendations include establishment of a school of letters at an early date, although any school building at the present time would not be in the nature of an improved affair pending the consummation of new construction planned. It is pointed out that although the prison superintendent favors establishment of such a school in the belief that a certain percentage of the inmates could be benefited by instruction, no capable teacher can be secured for the amount appropriated for such purpose.

Military Drills Favored.

The commission recommends that military instruction, inaugurated two years ago, be continued, and that a regular military instructor be employed. Military drills have progressed to such a point that a very creditable dress parade is held twice each week, weather conditions permit. The inmates march to the drill campus in company formation, and together with setting up exercises each morning they improve in physical condition and manifest something of a military bearing.

"Military discipline is said to be helpful in managing this type of inmate," the report states. "The methods ordinarily used in enforcing discipline consist of deprivation of privileges and segregation in ordinary cells which have been set apart for the purpose."

Segregation Advisable.

"New construction should permit segregation of the various classes of inmates," the report states. "Some of these are mere youths charged with no serious offenses, while others are hardened felons of the worst types. While all are defective, the more hopeful youths are sooner or later released on parole and everything possible should be done to prevent bad associations with the more vicious while in custody. Every reasonable facility to that end should be worked out in the proposed new quarters."

Institutional Employment.

The commission considers the question of employment at the institution a problem beset with difficulties because of the mental incompetency of the inmates. However, the commission feels that the amount of products made at the institution during the fiscal year sold for \$5,225.33, and that considerable work is being accomplished along the lines of industrial training and agriculture.

Articles manufactured include shoes, socks, bed fabric, mattresses, brooms, kettles, sheet metal ware, aluminum ware, baskets and cabinet work. There is a blacksmith training class and a print shop where typewriting is taught and which does the institutional printing.

The commission feels that farming and gardening afford a character of employment for this type of inmate which is healthful, varied and easily learned. The extension of agricultural pursuits is desired by the management and is currently recommended by the commission.

The management is seeking an appropriation of \$5,000 to provide an adequate cannery.

Skating Tonight.

Weather conditions have preserved the ice on Strawberry pond here and skaters will be permitted to use it tonight.

## Stephan To Succeed Crane As Postmaster

**Former Mayor Walter P. Crane Informs Chairman Philip Elting of Republican County Committee He Is Not Candidate to Succeed Himself—Elting Recommends Stephan to Congressman Harcourt J. Pratt.**

Postmaster Walter P. Crane has written Philip Elting, chairman of the Republican county committee, that owing to business reasons he is not a candidate to succeed himself as postmaster upon the expiration of his term. Postmaster Crane's letter was received by Mr. Elting on Monday and that day the chairman of the Republican committee recommended the name of Judge Frederick Stephan, Jr., as postmaster to Congressman Harcourt J. Pratt.

Postmaster Crane's term expires this month. During his administration of the office since February, 1924, the work of the department has been carried on in a most efficient manner. Mr. Crane inaugurated a carrier service in Sloughsborough and also in many outlying districts of Kingston. When he retires from the post office he will devote his entire time to the business of the Hanne-water Lake Ice Company of which he is president.

Judge Stephan, who will succeed Mr. Crane as Kingston's postmaster, is widely and favorably known in this city. He has long been active in the civic life of the city and has served Ulster county as its district attorney. He has also served the city as city judge and as a member of the board of supervisors. Judge Stephan is the attorney for the Homeowners' Cooperative Savings and Loan Association of this city and his law office is located in the same building as the loan association at Broadway and the Strand. Judge Stephan resides at 59 West Chester street.

Postmaster Crane's Letter.

In declining to be a candidate to succeed himself as postmaster, Mr. Crane explains his reasons in the following communication to Mr. Elting, chairman of the Republican county committee:

As you are probably aware my term as postmaster at Kingston is about to expire.

I wish to say that I appreciate the honor which the party has done me in twice recommending my appointment as postmaster.

Business conditions have arisen which will require more of my time. I also feel that there are other Republicans in the party in Kingston who are entitled to consideration.

I therefore take this opportunity to inform you that I am not a candidate for reappointment.

With best regards, and wishing success to the party, I am

Respectfully yours,

W. P. CRANE.

## Dry Expenditures And Problems Are Detailed by Doran

**In Presenting to House Bill to Provide Funds for the Treasury Department's Greatest Single Problem Facing Enforcement Officers is Illicit Distilling.**

Washington, Feb. 1 (AP).—The latest chronicle of Uncle Sam's multifarious efforts to enforce prohibition, as given to the house appropriations committee by Commissioner Doran, was revealed today with presentation to the house of a bill to provide funds for the treasury department.

The trailing of rum runners through fog 200 miles at sea, the widespread dragnets set around border cities for liquor smugglers, the wiping out of as high as \$70,000 investments in a single raid—these and many more pictures of federal activity on behalf of the Eighteenth Amendment were unfolded as an explanation of how appropriations were expended in the past fiscal year. Problems besetting administrators of the dry law, such as that recently presented by the wholesale flunking of civil service tests by enforcement agents, also were detailed.

Doran charged that cooperation with the federal authorities was lacking in New York, Maryland, Montana, Nevada and New Mexico, because "there is no state code under which the state officers may work."

Distilling Greatest Problem.

The greatest single problem facing enforcement officers, now he said, is that of illicit distilling. "Coast Guard and customs have checked off large smuggling operations such as old rum row," he said, adding that satisfactory control of industrial alcohol has accentuated the illicit distilling problem.

It is merely a case of the illegal traffic going to the next most available material for liquor," said the commissioner. They prefer to have straight whiskey or pure alcohol, then specially denatured alcohol and failing to secure an adequate supply of that for the illegal trade, they invariably resort to illicit distillation from the raw materials, grain and sugar; not so much the making of old pot still whiskey, which has a distinctive illegal market, but the putting up of rather large sized stills, plants for the making of a fairly good grade of alcohol. The raw material we find, now in the rather large use is corn sugar—alucose.

Break Up Distilleries.

Doran said that such distilleries are put up at a cost of from \$20,000 to \$75,000 and the enforcement program was to "detect and break up these places before they had time to make a financial return to the operators."

The narrative of coast guard activities was given by Rear Admiral Frederick C. Billard, commander, who said that extensive scouting operations over wide areas now is necessitated by the absence of rum row off the New York coast.

"The situation is this," he continued. "We will scout over the north Atlantic ocean, and find a vessel, we will say, that we know is laden with liquor more than 200 miles off shore. One of our patrols will stick by her in the fog during the night. Then the rum ship may suddenly put out her lights, turn in a directly opposite direction, and maybe we will lose her."

LAFAY AND TRABIN

SUSPENDED FOR FOULING.

New York, Feb. 7 (AP).—Frankie Lafay of Troy was indefinitely suspended by the State Athletic Commission today for fouling Len Cook in a bout at Troy, January 31.

Jack McVey, New York middleweight, was reinstated to enable him to go through with his match against Maxie Rosenbloom, also of New York, here February 17. McVey had been set down for fouling George Field of Canada.

Joe Trabin was indefinitely suspended for fouling Joe Trippi in a bout at Rochester, January 29.

Phoenicia Legion Post Dinner.

On Wednesday evening, the American Legion Post of Phoenicia entertained the ladies at a full course chicken dinner at Gomer's Hotel. It was greatly enjoyed by all. The table was very prettily decorated with streamers of red, white and blue and a large American eagle was hung over the door. The Phoenicia American and Post flags were prominently displayed in the dining room, together with streamers of red, white and blue.

## Tremaine Calls for Systematic Audit

**State Comptroller Believes It Would Eliminate In Great Part Such "Unfortunate Incidents" as Suicides and Convictions of Employees Who Handle Public Funds.**

Albany, N. Y., Feb. 7 (AP).—Establishment of a regular systematic audit of each cash receiving unit under state management or control would eliminate in great part "such unfortunate incidents" as suicide of a county employee under suspicion of embezzling state funds and conviction of an employee for embezzling motor vehicle funds, State Comptroller Morris S. Tremaine declared in his annual report, submitted to the Legislature today.

"Examples of defalcations where accounts have not been audited are numerous," he declared. "During the past year an employee handling motor vehicle funds was convicted of embezzlement and is now serving a term in Auburn prison. Another employee under suspicion made a confession and then committed suicide. It is believed that the human misery occasioned by such unfortunate incidents would be eliminated for the most part if the state would provide for a regular systematic audit of each cash receiving unit under state management or control."

"The budget for 1928 which is now before you contains an item of ten additional auditors for field work. This is a step in the right direction and will alleviate the condition to some extent."

The financial resources of the state for the coming fiscal year as set forth in Comptroller Tremaine's report were substantially those which formed the basis of the executive budget already submitted to the Legislature by the governor. It was noted. Revenues from all sources were estimated at \$245,049,028.28, while the budget of requested appropriations submitted to the legislature originally stood at \$229,259,065.73.

## Celebrates Her 98th Birthday

Mrs. Mary Lang celebrated her ninety-eighth birthday today at her home, 134 Hunter street, by entertaining a large number of guests at a dinner party.

Mrs. Lang is still hale and hearty and enjoying the best of health in spite of her advanced age. She has been a resident of this county since 1854 and has been a resident of Kingston for many years. During the many years she has resided in this city she has made a host of friends as was testified by the large shower of birthday cards she received by mail. She was also the recipient of sums of money and a large number of pointed plants.

Mrs. Lang makes her home with her daughter, Miss Dora Lang. Among those present at the dinner party were Mrs. William Bolton, Mrs. Carrie Dittus, Mrs. Dora Hahn and Miss Lena Laufensweiler, all of Poughkeepsie; Mrs. John Lang, Sr., Mr. and Mrs. George Lang, and Miss Carrie Henkel, all of Saugerties; Miss Dora Lang, Mr. and Mrs. John Lang, Mrs. Martha J. Lang, Mrs. H. Kolls, Mrs. Martha Rindel and Mrs. Carrie Gallagher, all of Kingston.

## Shriners' Ball Here April 25

The Kingston Shriners' Association will hold their annual entertainment and ball in the state armory on Wednesday evening, April 25. As usual the entire proceeds will be turned over to the Industrial Home. The various committees have already been appointed and are hard at work, and from the plans under way this year's affair will surpass by far anything ever attempted by the Shriners.

WEEK'S ACTIVITIES AT ST. JOHN'S CHURCH

Owing to the illness of Mr. Kemper's son, the Rev. Mr. Bold will take charge of the regular week-day services of St. John's Church, and there will be a celebration of the holy communion on Thursday morning at 10 o'clock.

The formation of a regular Men's Club of the church, which was to have taken place on Thursday evening of this week, has been postponed and announcement of the postponed date will be made as soon as possible.

Shoots 200 Pound Bear.

A 200 pound black bear was shot by Henry Curtis on Sunday between Grand George and Roxbury while he was hunting foxes in the mountains. He fired at a fox that ran through some brush and while tracking the animal came upon the bear. The bear had just awakened and when he reached all four was dropped in his tracks from a shot fired by Mr. Curtis. It took four men to get the prize catch from the woods.

## Woman Fatally Hurt in Jump

Miss Margaret McNally, 32, of Saugerties, who dove head first from a third story window at the Sahler Sanitarium on Monday, died at the City of Kingston Hospital at midnight that night of injuries sustained in her leap. Miss McNally had been caring for a brother who had been seriously ill and had sustained a nervous breakdown and had been taken to the Sanitarium for treatment.

## Two Cornell Students Die in Auto Mishap

Ithaca, N. Y., Feb. 7 (AP).—An auto collision in which two Cornell students were killed and six other persons injured was under investigation by police today.

The dead are L. H. Frantz, Jr., and R. D. Courson, both sophomores, of Williamsport, Pa.

The automobile in which the two dead students and three other undergraduates were riding collided with a machine driven by H. A. Ridall of Elmira, and then ran across the road and crashed into a tree.

The three other students who suffered cuts and bruises are R. P. Sherwood of St. Paul, Minn., and L. Marshall, and J. McCutcheon, both of Ithaca, N. Y.

Ridall suffered a fracture of the left shoulder and possible internal injuries and was taken to Memorial Hospital. A Mr. and Mrs. Andrew Goldsmith, occupants of the Ridall machine, escaped with minor injuries.

## Electric Contractors Must Renew Licenses

Under the provisions of the ordinance covering electrical work in Kingston, all electrical contractors must receive a license from the board of electrical examiners before they can work. Many of the electrical contractors have so far failed to renew the license which expires each year. Renewals of the license may be obtained of Fire Chief Joseph L. Murphy.

## Fractures Skull In Fall From Pole

David A. Smith of 514 Main street, Poughkeepsie, died at Vassar Hospital, that city, Sunday morning of a fractured skull received when he fell from a Central Hudson line pole on the Millbrook-Poughkeepsie power line. Elmer Van Voorhis, another Hazeman, who tried to free Smith from a 2,500-volt wire that he had grabbed with his bare hands, also fell from the pole but was unhurt.

The fatality is the first of its kind in five years to occur to a Central Hudson employee. Physicians said Smith died of a fractured skull produced by the fall. It was said that the voltage probably would not have killed the worker. Van Voorhis was praised for his attempt to rescue Smith from the wire.

Smith is survived by his wife, two children, Florence, 13, and David, 14, three sisters, Mrs. Frank Doney, Mrs. Harry Brower and Mrs. Elizabeth Smith, New Hamburg; a brother, Samuel Smith, Wappingers Falls; and his mother, Mrs. David Smith, Wappingers Falls.

## Electric Board Appointed to Electric Board

M. J. Gallagher, electrical contractor, has been appointed a member of the board of electrical examiners, succeeding Joseph A. McNellis. The other members of the board are Joseph Graber, reappointed, and Fire Chief Joseph L. Murphy. At the meeting of the board held Monday evening at the Central Fire Station, the board elected Joseph Graber as president. Under the provisions of the ordinance the fire chief acts as secretary of the board.

## Legion Auxiliary Card Party a Success

The American Legion Memorial Building was the scene of a most delightful event last Saturday afternoon. The Ladies' Auxiliary of the Legion held a card party. About 175 ladies gathered around tables in the large meeting room and in other rooms which had been given over for the event, and enjoyed bridge and five hundred. Light refreshments were served by the committee and a prize awarded for each table. Special credit is due to the chairlady, Mrs. Joseph Mooney, for the excellent way in which the party was arranged and conducted. The Legion troop of Boy Scouts also rendered valuable assistance in arranging the tables and chairs for the party. A substantial amount was realized toward the fund being raised to furnish draperies for the Memorial Building.

## Phoenicia Legion Post Dinner

On Wednesday evening, the American Legion Post of Phoenicia entertained the ladies at a full course chicken dinner at Gomer's Hotel. It was greatly enjoyed by all. The table was very prettily decorated with streamers of red, white and blue and a large American eagle was hung over the door. The Phoenicia American and Post flags were prominently displayed in the dining room, together with streamers of red, white and blue.

## Beatrice Fuller Mulatto Married Despite Threats

Rockville, Conn., Feb. 7 (AP).—Spurred on by threats and protests against their union, Beatrice Fuller, 19, a white girl, and Clarence Kell, 19, a mulatto, were married here at 1 o'clock this morning by a justice of the peace, Karl Goodman, of Ellington.

He performed the ceremony after the couple had tried in vain to be married last night by the Rev. George S. Brooks, pastor of the Union Congregational Church.

Miss Fuller claimed to be a direct descendant of a Union general and to trace her lineage back to the colonists from the Mayflower. Kell, an employee of a dye manufacturing plant, lives with his step-mother, who is white. His own mother, he says, also was white.

Reverend Kemper's Son Ill.

On Saturday morning last, the Rev. and Mrs. William Kemper, pastor of the Kingston Methodist Church, were called there by the illness of their son, Jack, who is the eldest of the four children. Reverend Kemper's son had been afflicted with the measles and that there were a great many other boys of the same age and that there had been a slight chance for the better in the boy's condition. There are now many of the best physicians and trained nurses doing everything possible to combat the epidemic there.

## Business Certificate Fined

Alfred Schmid of 42 Johnston avenue, Kingston, has been fined by the Ulster county clerk that he is conducting a business under the name and style, A. Schmid Company.

## Woman Fatally Hurt in Jump

Miss Margaret McNally, 32, of Saugerties, who dove head first from a third story window at the Sahler Sanitarium on Monday, died at the City of Kingston Hospital at midnight that night of injuries sustained in her leap. Miss McNally had been caring for a brother who had been seriously ill and had sustained a nervous breakdown and had been taken to the Sanitarium for treatment.

## Fractures Skull In Fall From Pole

David A. Smith of 514 Main street, Poughkeepsie, died at Vassar Hospital, that city, Sunday morning of a fractured skull received when he fell from a Central Hudson line pole on the Millbrook-Poughkeepsie power line. Elmer Van Voorhis, another Hazeman, who tried to free Smith from a 2,500-volt wire that he had grabbed with his bare hands, also fell from the pole but was unhurt.

The fatality is the first of its kind in five years to occur to a Central Hudson employee. Physicians said Smith died of a fractured skull produced by the fall. ## Electric Board Appointed to Electric Board

M. J. Gallagher, electrical contractor, has been appointed a member of the board of electrical examiners, succeeding Joseph A. McNellis. The other members of the board are Joseph Graber, reappointed, and Fire Chief Joseph L. Murphy. At the meeting of the board held Monday evening at the Central Fire Station, the board elected Joseph Graber as president. Under the provisions of the ordinance the fire chief acts as secretary of the board.

## Legion Auxiliary Card Party a Success

The American Legion Memorial Building was the scene of a most delightful event last Saturday afternoon. The Ladies' Auxiliary of the Legion held a card party. About 175 ladies gathered around tables in the large meeting room and in other rooms which had been given over for the event, and enjoyed bridge and five hundred. Light refreshments were served by the committee and a prize awarded for each table. Special credit is due to the chairlady, Mrs. Joseph Mooney, for the excellent way in which the party was arranged and conducted. The Legion troop of Boy Scouts also rendered valuable assistance in arranging the tables and chairs for the party. A substantial amount was realized toward the fund being raised to furnish draperies for the Memorial Building.

## Phoenicia Legion Post Dinner

On Wednesday evening, the American Legion Post of Phoenicia entertained the ladies at a full course chicken dinner at Gomer's Hotel. It was greatly enjoyed by all. The table was very prettily decorated with streamers of red, white and blue and a large American eagle was hung over the door. The Phoenicia American and Post flags were prominently displayed in the dining room, together with streamers of red, white and blue.

## Beatrice Fuller Mulatto Married Despite Threats

Rockville, Conn., Feb. 7 (AP).—Spurred on by threats and protests against their union, Beatrice Fuller, 19, a white girl, and Clarence Kell, 19, a mulatto, were married here at 1 o'clock this morning by a justice of the peace, Karl Goodman, of Ellington.

He performed the ceremony after the couple had tried in vain to be married last night by the Rev. George S. Brooks, pastor of the Union Congregational Church.

Miss Fuller claimed to be a direct descendant of a Union general and to trace her lineage back to the colonists from the Mayflower. Kell, an employee of a dye manufacturing plant, lives with his step-mother, who is white. His own mother, he says, also was white.

Reverend Kemper's Son Ill.

On Saturday morning last, the Rev. and Mrs. William Kemper, pastor of the Kingston Methodist Church, were called there by the illness of their son, Jack, who is the eldest of the four children. Reverend Kemper's son had been afflicted with the measles and that there were a great many other boys of the same age and that there had been a slight chance for the better in the boy's condition. There are now many of the best physicians and trained nurses doing everything possible to combat the epidemic there.

## Business Certificate Fined

Alfred Schmid of 42 Johnston avenue, Kingston, has been fined by the Ulster county clerk that he is conducting a business under the name and style, A. Schmid Company.

## Always on top of his job How does he do it?

THIS man's commission check is always bigger than any other salesman's in the town. He's a wonder! When he comes into town after a grueling business trip—with a bunch of orders in his pocket for the boss—he's always as fit as a fiddle. And just rarin' to go off again.

How does he do it?—Eating on trains—snatching hasty meals at railway station counters and small town restaurants? Forever on the jump.

If you could see him pack his bag for a trip, you'd know. A bottle of Nujol always goes in. Nujol keeps body functions normal, even under abnormal regime. Keeps hasty meals and indifferent food from upsetting you. Wards off the bad effects of change of water and climate. For Nujol not only prevents any excess of the body poisons (we all have them) from forming, but also aids in their removal.

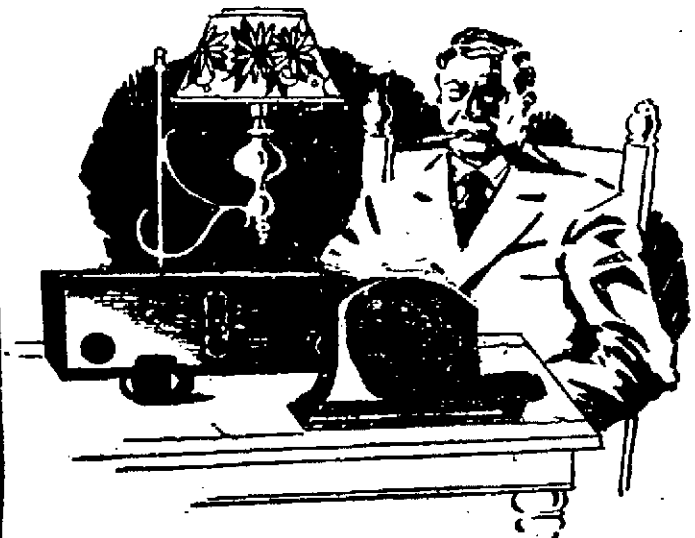

Whatever your job is—you need health and energy to ride it. Take a tip from this star salesman and take Nujol regularly. You'll be amazed to find how much more clear-headed and all-round efficient you feel. Keep up this treatment faithfully for 3 months and you'll feel like a million dollars. And you will have taken the first step toward getting it.

Star Salesman

Isn't Nujol worth trying? It was perfected by the Nujol Laboratories of the Standard Oil Company (New Jersey). It couldn't possibly hurt you, anyway. (Nujol contains no drugs or medicine.) And if you're like other people it will do you a world of good.

Be sure you get the genuine.

## We Want To Be Your Radio Advisors

WHEN you have purchased a radio set here our interest in you does not end. We want you to enjoy it—to come to your home if anything interferes with its reception. Day or night, we're at your service.

Come in today and listen to the new Radiolas. Six splendid models built to fit every purse and purpose.

We particularly recommend Radiola 17 with the new RCA Loudspeaker 100-A. A most amazing value on our most liberal terms.

### MILTON FALLS

High Falls, Feb. 6.—(Preaching) Service in the Reformed Church on Sunday, February 12, at 10:30 a.m. Sunday school at 9:30 a.m.

The Ladies' Aid Society of the Reformed Church held its February meeting in the lecture room on Thursday last. Fifteen members were present, and much work was accomplished. At 12 o'clock a delicious luncheon was served, consisting of sandwiches, potato salad, baked beans, pickles, cottage cheese, jelly, cake, and coffee. The next meeting will be held in the lecture room of the church when election of officers will take place.

Miss Alice Krom recently returned home after a two weeks' visit with friends in Brooklyn.

Mr. and Mrs. George Coultant are spending some time at Atlantic City. The funeral of Hiram Clearwater was held in St. John's Church on Wednesday. The Rev. R. B. Hornby of Kingston had charge of the service.

Mr. and Mrs. George N. LeFevre, who spent several weeks with their son, Matt LeFevre, and family in Poughkeepsie, has returned to their home.

A very pleasant evening was enjoyed at the home of Mr. and Mrs. DeWitt Beach on February 1 when about twenty friends came to celebrate the birthday of Mrs. Beach. The evening was spent in games and music. Later in the evening a bountiful supper was spread with a large birthday cake as a center piece. Those present were: Mr. and Mrs. Don Gillespie, Mr. and Mrs. Luther Garrison, Mr. and Mrs. William Webber, Mr. and Mrs. Irving Schoonmaker, Mr. and Mrs. Percy Schoonmaker, Mr. and Mrs. Gause Beach and son, Carlton, Mr. and Mrs. Daniel Beaton, Mr. Skipati, Mr. and Mrs. DeWitt Beach. At a late hour the party broke up wishing Mrs. Beach many more happy birthdays. David Rosenbaum has opened a drug store in the same building where the Rosendale Co. formerly conducted the drug business. He has also put in candy, tobacco, cigarettes and ice cream.

Mrs. Joetta Snyder of Kingston spent several days with her sister, Mrs. Thomas Snyder, last week.

Herbert Ayers, who has been employed by Jacob Feinberg the past year, has given up his position.

Those from High Falls, who were graduated from the eighth grade and entered the Kingston High School beginning with the February term, are the following: Gertrude Depew, Lena Feinberg, Frances Groosman, Alice May, Mollie Henkin.

### MILTON.

Milton, Feb. 6.—While skating on Hallock's pond with members of the Maids and Matrons' Club, Mrs. James W. Clarke fell and broke her wrist. Her sister, Mrs. Arthur Sinclair, of Brooklyn is assisting in the care of her.

Fred W. Vail sailed Saturday for a month's visit in Panama. He was given a farewell party at the home of Mrs. Phebe Ball Wednesday evening.

Mrs. Westervelt Clarke is undergoing treatment for gallitis at Vassar Hospital preparatory to an operation. Glenn Clarke received a painful cut on his leg from an axe last Thursday while helping his father cut wood. Dr. Harris of Marlborough treated and closed the wound.

Mr. and Mrs. George Wilson of Schenectady were recent visitors at the home of Mr. and Mrs. W. H. Donaldson.

Mrs. James Barnes of New York is spending the rest of the winter at the home of Mrs. Phebe Ball.

The Maids and Matrons' Club will hold its monthly meeting Tuesday evening, February 7, at the Community House. The Men's Club will hold its monthly meeting at the club room at the same time and place.

The Milton Melody Club will meet at the home of Mrs. J. Vincent Breacle Wednesday afternoon, February 8.

The Men's Club will hold a roast beef supper at the Milton Grange Hall Tuesday evening, February 14.

The Milton Health Center will be open every Tuesday afternoon.

Miss Winifred Driscoll has returned from a two weeks' visit in New York city.

The W. C. T. U. will meet at the home of Mrs. Foster Clarke, Friday afternoon, February 10. Mrs. C. R. Taber, president, will have charge of the meeting.

The Milton troop of Boy Scouts are planning to attend the eighteenth anniversary of the Boy Scouts. A county rally will take place in Kingston armory on Saturday, February 11, from 10 a. m. to 5 p. m. This anniversary will be observed by the Boy Scouts all over the county from February 6 to 12 and Boy Scouts are asked particularly to attend church service, February 12, Lincoln's birthday.

At the meeting of the Maids and Matrons' Club Tuesday evening, February 7, Mrs. Gifford Hallock, Mrs. J. H. Clarke, Mrs. Irene Scott, Miss Birdsall Taber and Mrs. Grace Hewitt will be the hostesses.

John Matarazzo, who has completed his studies at the Newburgh Academy, was given a graduation party at his home Saturday evening, January 29.

Mrs. Edward Young attended the meeting of the New York Federation of Women's Clubs in New York last Thursday.

The Ladies' Needle Craft Society and Women's Missionary Society of the Presbyterian Church held their monthly meeting Wednesday afternoon at the home of Mrs. Birdsall Taber. Election of officers of the Missionary Society was held and the following officers elected: President, Mrs. Edward Young, vice president, Mrs. W. H. Townsend and Mrs. A. C. Jenkins, Mrs. William Ordway, secretary, Miss Sarah Clarke, treasurer, resigned from her office but no one has been appointed to fill the vacancy.

A food sale will be held at the Community House Saturday afternoon, February 13, under the aus-

pices of the Ladies' Needle Craft Society. Mrs. Phillip Lyon, Mrs. Grace Hewitt, Mrs. Herann Sager and Mrs. Birdsall Taber will have charge.

Last Thursday evening at the basketball game the Milton A. C. defeated the Kingston Athletics by a score of 47-22.

The Hudson River Fruit Exchange will hold its annual meeting at the Community House Saturday afternoon, February 11.

The annual chicken supper and dance held by the ladies of St. James Church drew a large attendance. It is estimated that about 245 persons were served and about \$260 was cleared from the supper and dance. The Highlanders' orchestra furnished the music for the evening. A Paul Jones and tag dance were enjoyed. The color scheme in the dining room was orange and white. Orange candles graced each table.

A union service was held at the Methodist Church Sunday evening. The Rev. Cecil Haworth of the Friends Church was the speaker of the evening.

The Hudson Valley Oil Company's men are still at work getting ready for the erection of the filling station on Main street.

The Red Cross Society's campaign in this village is concluded. The following report has been submitted by the chairman, Mrs. Edward A. Martin: The campaign was conducted through the churches and the total amount secured was \$148.88. The church members contributed as follows: St. James Methodist Church, \$57; Methodist Church, \$46.88; All Saints' Episcopal Church, \$16; Presbyterian Church, \$10; Union Friends Church, \$10; Methodist, Presbyterian and Friends churches combined, \$3.50. The collectors solicited the following sums: Miss Winifred Driscoll, \$57; Mrs. A. C. Jenkins, \$12; Mrs. Winfield Bailey, \$17; Miss Lolus Clarke, \$10; Mrs. M. H. Bell, \$12.50; Mrs. Grover

Ferguson, Miss Cathryn Howard and Mrs. P. V. Bunker, \$37.48. A separate contribution of one dollar was received from Mrs. Irving Clarke. Mrs. Edward A. Martin wishes to thank all contributors and collectors for their generous response and support of the Red Cross movement.

### WEST SAUGERTIES.

West Saugerties, Feb. 6.—Mrs. Jacob Rogers spent Thursday in Kingston.

Charles W. Hommel has been ill but is recovering.

Miss Antoinette Pelissier and Mrs. Fred Cole spent Thursday afternoon with the latter's parents, Mr. and Mrs. Charles W. Hommel.

Dr. Childester was called to see Mr. and Mrs. Pelissier who are both sick.

Charles Egnor of Saugerties spent a couple of days with his parents last week.

Mrs. George Burton and Mrs. Floyd Burton spent Wednesday with Mrs. Ed. Hommel and Mrs. Henry Burton visited her on Thursday.

Mrs. Peter Hommel and sons, Delphin and Sherman, have been confined to the house with grip, but are better.

Mrs. Charles J. Hommel of Saugerties spent a couple of days with her sister, Mrs. O. L. Carr.

John A. Cole of Kingston was called here on Monday by the sudden death of his father, S. P. Cole.

Mrs. Freedom and son, Thomas, of Newark, were here to attend the funeral of her father, S. P. Cole.

Henry Lamoureux, district deputy, and his staff, were at Gardiner on Monday evening to install officers.

Mr. and Mrs. M. F. Waterbury of Hartford, Conn., attended her brother's funeral on Tuesday.

their wives attended the public installation at Ulster Park on Thursday evening.

Mrs. Fred Cordes is entertaining company from New York city.

Mrs. John A. Cole and sons, Richard and Robert of Kingston, attended the funeral of her father-in-law on Tuesday afternoon.

### PATAUKUNK.

Pataukunk, Feb. 6.—Mrs. Samson Osterhoudt spent Wednesday with Mrs. Asa Gray of Wawarsing.

Jeremiah Simpson started cutting ice on his pond this week.

Mr. and Mrs. Truman Dunn entertained a number of friends Sunday, January 28, in honor of Miss Gertrude Van Wagener's birthday.

Those present were Mrs. Ella Wood and son, Arthur; Miss Jennie and Olive Osterhoudt, Harry and Edsel Osterhoudt of Meitachahonts; Mr. and Mrs. Charles Bell and son, Clifford of Kerhonkson, and Mr. and Mrs. Clifford Lyons of Ellenville.

Mr. and Mrs. L. Bessinger are spending some time in New York city.

Mrs. Anna Bessinger has been quite ill with a severe cold.

Mrs. Eli Rider and son, Harvey, of Wawarsing spent Thursday with Mrs. T. Dunn of this place.

Mr. and Mrs. Harry Smith very pleasantly entertained a number of friends and relatives Wednesday evening in honor of their daughter's wedding anniversary. Those present were Mr. and Mrs. Leonard Van Ethen of Cherrytown, Mr. and Mrs. Samson Osterhoudt, Mr. and Mrs. Jerry Simpson, Mr. and Mrs. Elias Van Ethen, Jr., and son, Mr. and Mrs. Virgil Wood, Miss Gertrude Van Wagener, Mr. and Mrs. Truman Dunn, Mr. and Mrs. Harry Dunn, Mrs. Birdella Carson, all of this place, and Mr. and Mrs. Floyd Eck of Wawarsing. Games were played and a bountiful supper was served after which the guests departed for their home voting Mr. and Mrs. Smith royal entertainers.

# "Luckies never cut my wind" says Billy Burch, Captain of N. Y. Americans' Hockey Team

"Hockey is pretty strenuous—it takes all you've got to keep on top of the old puck. I can't afford to take any chances with my physical condition. That's why I stick to Luckies. In addition to the pleasure I get from their fine flavor, they have never cut my wind to any noticeable degree. Finally, I never suffer with sudden coughing which might be very dangerous for me when there's a scramble on the ice."

Billy Burch

## "The Cream of the Tobacco Crop"

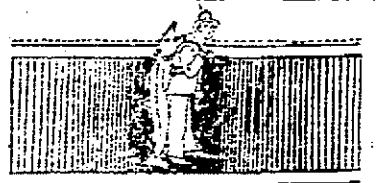

for Lucky Strikes  
says Tobacco Buyer

"No article can be better than its base. To produce a fine product, you must begin with fine materials. The finest of the tobacco crop, 'The Cream of the Crop' goes into LUCKY STRIKE Cigarettes. I know, because I buy the Tobacco for this brand with this ideal before me."

W. B. Boase

# "It's toasted"

No Throat Irritation—No Cough.

### Lesson No. 3

Question: How does emulsified cod-liver oil help protect grown people from coughs and colds?

Answer: Its easily assimilated cod-liver oil plus its wonderful vitamins, builds resistance by keeping the body vitamin-nourished.

Build up your resistance with pleasantly flavored

SCOTT'S EMULSION

## Breath Bad?

End it this simple way:

Nothing is more disagreeable than bad breath. End it by using Chamberlain's Tablets. Pleasant, easy to take, they cut and break up the cause—poor digestion. Also end gas, indigestion, constipation, and more on later. Five and 15-cent packets sold at drug stores. For free sample, write Chamberlain Medicine Co., 507 6th Ave., New York, N.Y.

## CHAMBERLAIN'S TABLETS

## DANDRUFF

NO FALLING HAIR! Dandruff is the enemy of the hair. It causes itching, itching, itching, and makes the hair fall out. Use Chamberlain's Dandruff Tablets. They keep the scalp cool and moist, and prevent the hair from falling out. Sold at drug stores.

## More Offices in Old Opera House

Levine, Feldman & Robinson have given the contract to a local general contractor to convert the old opera house into offices. Work was started on Monday. There will be 22 offices well lighted and of fine construction which with the new construction on the second floor will make a total of 44. Applications have already been received for some of them. The owners of the property with the several stores on John Fair streets all occupied well when the office addition is completed, a complete commercial building. The same parties transferred the Crosby building, which was purchased a few years ago and known as the Clermont, and which they recently sold, also into a commercial building which is now tenanted. Credit is due them for their progressive spirit.

## Flashes of Life Sketched in Brief

(By The Associated Press.)

New York—Let the rainy day go! Babe Ruth has \$120,000 in the bank, and this is his 34th birthday. A \$50,000 annuity will mature in a few years and in addition he is turning money aside toward a trust fund of \$250,000.

Lakewood, N. J.—Pending investigation of trouble neighbors have with the radio, a clock in a tower on the lake on John D. Rockefeller's estate has been stopped. The face has been lighted nightly, the lights being synchronized with the electric mechanism. A neighbor wrote the Federal Radio Commission about it.

New York—For Broadway and neighbors to get all lit up it takes 1,000,000 lamps. That's the number in the city's 20,880 electric signs.

Vienna—For one month's dancing Budapest Josephine Baker is doing \$10,000 plus expenses. She's the negro dancer who has not been permitted to appear in Vienna.

New York—The manager for Prince Joachim Albrecht, cousin of William Hohenzollern, professes to have received refusals from charitable organizations of the proceeds of a concert which the prince proposes to give on his coming visit. Up rises Dr. Oscar Hammerstein to say that her hotel bill is unpaid and she is an artist.

New Orleans—M. Lebrun, the French aviator, must have been killed by the Creole bills. "They are too much for me," he said in regard to American girls. Nevertheless he wishes to marry one.

Jersey City—William Koutnik, a painter, says if he is unfriendly with John Barleycorn for two years and also gets married he will inherit \$20,000 from an uncle. And he has gone to Havana to clerk in a hotel.

Successful Alligerville Pupils. Alligerville, Feb. 7.—The children of the Alligerville school who took Regents' examinations successfully passed all the subjects which they took. The approved marks are as follows: Arthur Atkins, arithmetic, 89; geography, 87; English, 83; reading, 80. Gerald Cahill, geography, 89; reading, 80. Stanley Christians, spelling, 84; geography, 71. John Greenfield, spelling, 80; geography, 80. Arthur Atkins and Gerald Cahill are attending Kingston High School.

Common Council Meeting Tonight. The regular monthly meeting of the common council will be held at the city hall tonight, beginning promptly at 7:30 o'clock. Both men and women of the community, interested in the workings of the city government are entitled to attend these meetings.

May Be a Good Sign. Don't worry if the kid isn't good at mathematics. Maybe she's going to be the boss instead of the bookkeeper. —Arkansas Democrat.

World Champions! Dr. Pitzer and the STUDEBAKER COMMANDER. 25,000 Miles in less than 23,000 Minutes.

VISIT OUR OYSTER BAR CENTRAL FISH & VEGETABLE MARKET 730 BROADWAY, CHANCY COLUMBIA, N.Y.

## Bissell Speaker For Service Club

Indications point to the largest assemblage ever gathered at any of their meetings on Thursday evening, when the American Legion Service Club will entertain Pelham St. George Bissell, national president of the 49 and 5 Society. Approximately fifty reservations have already been made and provision has been made to accommodate a few more Legionnaires who may yet decide to attend. It is an unusual honor for a city the size of Kingston to be visited by the national officers of the Legion organization and the officers of the local post are anxious to have as large an attendance as possible at the dinner on Thursday evening.

Special professional entertainment will be presented through the courtesy of Harry Lazarus, of the Broadway Theatre. Mr. Bissell will have a message which will be of interest to all Legionnaires. Membership in the dinner club is not a requirement for attendance. The club organization is being used to arrange for the event, which is open to all Legionnaires. Dinner will be served promptly at 6 o'clock, and while reservations were intended to be closed Monday evening, members who have not yet made reservations should do so at once. Reservations may be made with George W. Potter, president of the Service Club, or with George Davis, custodian of the Memorial Building.

## Burial of Field Marshal Haig

Edinburgh, Feb. 7 (AP).—Field Marshal Earl Haig today was buried among his ancestors at Dryburgh Abbey with the simple rites of a Scottish laird.

Despite stormy weather crowds gathered along the route from St. Giles Cathedral, where the body had lain in state, to Waverley Station, in a last gesture of homage.

At St. Boswell's an ordinary farm cart awaited to carry the coffin over miles of roads to the abbey. Another cart loaded with wreaths rumbled in the wake of the coffin. Instead of great soldiers and world famous commanders as in London, plain country folk, including a number of employees of Earl Haig's estate at Bemyre, carried the coffin to its last resting place a few feet from the grave of Sir Walter Scott.

## C. S. Rowland Is Vice President

He is Also Elected a Director at Meeting of Directors of J. S. Fuller Inc.—Entered Employ of Concern in 1914.

Clarence S. Rowland of Spring street, who has been manager of the J. S. Fuller, Inc., shirt plant on Pine Grove avenue for several years past, was elected director and vice president of the concern at a meeting of the directors to fill the vacancy caused by the death of Miss Martha Fuller.

Mr. Rowland entered the employ of the Fuller concern in 1914 and remained with them for three years. He returned to the concern in the fall of 1921 and for the past six years he has been manager of the plant. Mr. Rowland is active in the civic and business life of the city. He is a member of the board of police commissioners, having been appointed to that board by the late Mayor Morris Block. He is an active member and at the present time president of the Kingston Kiwanis Club and is a past master of Roundout Lodge, No. 343, F. & A. M.

## MALE INTRUDER DISCOVERED AT SMITH COLLEGE

New York, Feb. 7 (AP).—An authorized spokesman for the parents of Miss Frances St. John Smith, missing Smith College girl, today disclosed that affidavits have been made by other students at the college that five days before her disappearance a male intruder was discovered in a dormitory room at the college. The prowler fled when a girl student entered the room and screamed, the affidavits state. The statements have been turned over to the Massachusetts Public Interest League, an organization interested in college administration. The names of those making the affidavits were withheld. The statements by the students strengthened the belief of some detectives that Miss Smith was abducted.

## GOVERNOR NOT DECIDED ON HOUSTON TRIP.

Albany, N. Y., Feb. 7 (AP).—Governor Smith has not decided whether he will attend the Democratic national convention at Houston, Texas, in June. The Governor said today that the convention date was so far distant, and that there was so much to be done here, that he had been unable to make any plans for the immediate future. Later, he said, he may discuss the matter with his cabinet and reach a decision as to whether he should attend the Houston gathering.

## CHAMBERS DUPLICATES HIS SEATING TRIP.

Welland, Ont., Feb. 7 (AP).—Wilson Chambers, 78 year old antiquarian, who for sixty years has skated here annually from his home in River Bend, yesterday duplicated the trip of other years. Stopping several times to call on friends, Chambers completed the 15 mile round trip in less than an hour and "fresh as a daisy." He has always used the same skates.

## Asks for Report on Unemployment

Albany, N. Y., Feb. 7 (AP).—Information regarding unemployment conditions in the state and especially in New York city was requested today by Governor Smith of State Industrial Commissioner Hamilton.

"There have been brought to my attention reports of a serious condition of unemployment in the city and state of New York at the present time," the governor wrote. "I understand that some of this is caused by the drifting into New York of men from other parts of the country where unemployment is also making itself felt. Whatever the cause, there is, I believe, considerable suffering as a result."

"I should like to be fully informed on these conditions at the earliest possible moment. I would ask, therefore, that you have the division of employment of your department provide me at the earliest possible moment with a report of the present situation as reflected in the employment bureau under your department and any other sources of information which you may have."

## Col. Lindsay at Broadway Theatre

Australian Big Game Hunter and African Explorer to Lecture at High School Wednesday Morning and Speak to Rotary Club at Noon.

Colonel Fred Lindsay of Australia, who is appearing at the Broadway Theatre today and Wednesday, will deliver a lecture to the students of the Kingston High School at the morning assembly on Wednesday. That noon he will be the guest of Superintendent of Schools M. J. Michael at the Rotary Club meeting and luncheon at the Governor Clinton Hotel, and Wednesday afternoon at 4:30 o'clock he will speak to all of the children of the city as the guest of Manager Harry Lazarus at the Broadway Theatre.

Colonel Lindsay has had a most interesting life. During his youth he was greatly influenced by reading the works of H. Rider Haggard, such as Allan Quartermain, King Solomon's Mines and others, which led him to visit Africa where he had many interesting experiences as a big game hunter and explorer.

He is a genial talker with a most interesting personality. When the famous movie picture, "The Rough Riders," was filmed he was selected to portray the part of Colonel Leonard Wood, and those who have seen the picture will remember his effective work.

At the outbreak of the Boer war in Africa he was one of the first from Australia to enlist, and has seen much service in the war. He also played a prominent part in the war with the Zulus. At the outbreak of the war with Germany his large plantation was one of the first seized by the Germans and from being a man in affluent financial circumstances he saw his fortune swept away like that of many another Englishman.

His work in his youth and his many experiences in after life led him finally to take up the stage as a profession and as a result he has appeared in many of the leading theatres not only in England but in this country. His appearance at the Broadway Theatre is something of an event in the local theatrical world and he made a most decidedly favorable impression on his audience at Monday's shows at the theatre.

Colonel Lindsey is an expert in the use of the forty and fifty foot Australian stock whips and a most interesting story teller. Incidentally he taught Douglas Fairbanks the use of the long whip. Naturally, he appeals to boys.

Because of his interest in the Boy Scout movement he has consented to speak and to demonstrate the use of the Australian whip to scouts and all other boys who are interested at 4:30 o'clock Wednesday afternoon. Admission is free.

## SEPARATION BY SURGERY OF SIAMESE TWINS.

Chicago, Feb. 7 (AP).—The separation by surgery of Siamese twins a week old, to save the life of one of them after the other had died, has been reported from the Ryburn Memorial Hospital at Ottawa, Ill.

The twins were born near Marseilles, Ill., February 1 to Mrs. Frank Keller. They were joined in the lower part of the abdomen in such a manner that the same blood coursed through both bodies. Each weighed about five and one-half pounds.

Dr. Paul R. Clark said one of the twins, named Meta Marie, cried lustily at birth. The other, also a girl, showed no signs of life, save circulation of blood, pumped through the heart of Meta Marie.

Efforts to start life in the body of the other infant failed. Using a makeshift incubator, built by the physician and the father of the twins, Frank Keller, they were taken to the Ryburn Hospital. An anaesthetic was used, after which the operation separating Meta Marie from the lifeless sister was performed. Oxygen was used for an hour to counteract the effect of the anaesthetic.

Within two days Meta Marie was returned to her mother, normal and sturdy, the physicians said.

## REVIVAL CAMPAIGN TO OPEN AT FLEISCHMANN'S.

Preparations continue for the Eastern Delaware County Revival Campaign which is to open on February 13 in the Fleischmanns Community Church under the leadership of the Rev. Ernest C. Crabill Tabernacle Party. Sixteen different pastors and churches have been invited to cooperate in the prayer program and in sending delegations. Every church in the eastern part of the county regardless of denomination has been asked to send. The new Redeemer song

book, "Praise and Worship Hymns," will be used and a large chorus choir is being gathered to lead in the singing.

It is expected that Amos Phipps of Binghamton, noted baritone soloist who has traveled extensively during the past year with the Ernest C. Crabill Tabernacle Party, will be secured to lead the musical program which will include vocal and instrumental numbers. Evangelist T. LeRoy Blair will conduct a preliminary service on Thursday evening, February 16, for prayer and choir organization. All singers of the valley are requested to register for the

choir regardless of church affiliation. The campaign proper will open on Sunday February 19, with services at 11 a. m., 2:30 and 7:30 p. m. Delegations are already planning to attend from Cornwall, Saucier, Roxbury, Margaretville, Stamford and other Catskill mountain villages. The entire church will be thrown open to accommodate the people.

## SUSPEND SENTENCE ON SOUTHERN USTER MAN

Jacob Williams of Relyea's Cross- ing in southern Ulster was brought

to the county jail pending a hearing Monday before Justice of the Peace A. S. Weeks of the town of Plattekill. Williams's wife claimed that he assaulted her Sunday evening and put her and the children out of the house at 11:30 o'clock. Sergeant Lockhart of Highland was notified and took charge of Williams who was brought to the county jail. Monday he was arraigned before Justice Weeks and after the case had been threshed over before the judge, Williams was given a 30 days' suspended sentence.

## WINNER OF \$50,000 NEW ORLEANS HANDICAP

## Kayos Feature Armory Bouts

Three Knockouts Scored in Armory Bouts Here Monday—Big Attractions Planned for Next Card.

The fans who attended the card of bouts staged at the armory Monday night saw one of the best shows staged in the drill shed this season. There were three knockouts registered. Roy Van Buren of this city lasted four rounds with Kid Rash, colored bantam champ, when the tilt was stopped by the referee. It is expected that another card of bouts will be held within two weeks and negotiations will be started immediately to have Larry Estridge, famous colored light heavyweight, meet Frankie Konchina. Al DeSilva who showed much speed in knocking out Ruby Jackson Monday night will be matched with Kid Rash for the next show it is expected.

Billy Tok, 152 pounds, of the 105th Field Artillery, New York city, registered a kayo over Roy McMahon of Fort Jay in the final bout of the evening. McMahon who tipped the scales at 155 went to the canvas after two minutes and 58 seconds in the third round. Tok displayed his usual cleverness and warded off the heavy blows which McMahon tried hard to put over on his opponent's face. Frank Ponzio, the Black Panther, scheduled to meet Tok, could not go on with his engagement owing to an injured ear. He will probably meet Tok in the next show.

Roy Van Buren of this city showed a game spirit by staying four rounds with Kid Rash, colored champion of the 119-pound class of the 369th Infantry, who pummeled the local lad until he was covered with blood. The fight was stopped in the fourth after the fans began to disapprove of the encounter. Roy took the count of nine in the third round and arose only to be sent to the canvas again but the bell saved him.

## Stanley Reid Wins.

Stanley Reid, 134, of Newburgh got the decision over Eddie Moore of the 369th Infantry, New York city, after six rounds of milling. Reid beat the negro with lefts and rights in rapid succession until the fourth when Moore showed a fighting spirit. His spurt was soon quenched by a fusillade of hard blows from Reid, who had him bleeding considerably from the mouth.

Stanley Stevens, weight 140, of Newburgh got the decision over Mike Spergel, 137, of the 105th Field Artillery, New York city, after six bloody rounds. The Newburgher hit harder and had a better guard than Spergel.

## DeSilva Shows Class.

Al DeSilva, weight 124, of the 14th Infantry and one of the promising scrappers in the Metropolitan showed championship qualities by flooring Ruby Jackson, 126 pounds, of the 22nd Engineers after one and three-quarters minutes in the first round. DeSilva possesses a terrific wallop which he sent over on Jackson at the opening of the round and immediately floored him. After the latter fell twice in succession after that he had to be carried to his corner. If DeSilva is matched with Kid Rash for the next card the armory will probably be packed with fans of the boxing sport. DeSilva and Jackson were put on as an added attraction because some of the earlier bouts were short.

The opening bout lasted but one minute and 54 seconds when Dick Bishop, of the 104th Engineers, New Jersey, kayoed Tommy Gans, of the 369th Infantry, New York city.

Harry Ballou, famous announcer, told the fans that star bouts would be brought to this city if supported. His announcing Monday night pleased immensely and all "info" concerning the scraps and scrappers could be heard very clearly.

## Tunney Believes Dempsey Through

New York, Feb. 7 (AP).—Gene Tunney is back in New York rather doubtful whether he will be able to get the two bouts he wants this year, because he feels that Jack Dempsey never will fight again.

Returning from Miami Beach last night, the heavyweight champion outlined his plans for the year, disclosed his reasons for believing that Dempsey is through with the ring and said that regardless of whether he appeared in one or two fights this year the promoter probably would be Tex Rickard.

"There is no sane reason for believing that Dempsey's retirement is not genuine," said Tunney. "I believe he is convinced he will be exposing himself to grave danger of permanent injury if he ever again engages in a boxing match and for that reason has decided to abandon boxing. I do not agree with the popular belief that Dempsey's retirement is part of a publicity or ballroom scheme, because I refuse to recognize the necessity for any widespread publicity. A championship bout is a championship bout, regardless of the amount of publicity that it receives."

Turning to his tentative boxing program for 1928, the champion said that whether he engages in one or two bouts depends upon ring developments among the heavyweight contenders.

Rickard and I have reached an agreement for a fight in June against the man who makes the best impres-

sion in the Sharkey-McCormack-Delaney-Rizzo "eliminations". Because my plans with Rickard do not go beyond the June bout, I hesitate to say that I will have more than one fight. Of course I want two but it may be that there will be no one available for a second match. But whether I engage in one or two matches it can be said that Rickard probably will be the promoter."

Here on business, Tunney plans to remain in New York for about ten days, and then return to Miami Beach to resume training.

One Cent A Word Ad vs. Bring Results

When an English actor plays in New York he has to be careful in broadening his accent to please Manhattan to prevent it from being condemned by his own countrymen as "cockney."

France now plans to pay a \$75,000,000 debt to the United States by using safety matches, having failed at every other scheme to arouse our sympathy.

NOTICE TO CREDITORS.—In pursuance of an order of Hon. GEORGE F. KATZ, MAN, Surrogate of Ulster County, notice is hereby given, according to law, to all persons having claims against William E. E. Little, late of the City of Kingston, County of Ulster, deceased, to present the same with the vouchers in support thereof to the undersigned, Margaret J. Canfield, the Trustee of the estate of said deceased, at her residence, No. 12 St. James, Street, Kingston, in the said County of Ulster, on or before the 2nd day of August, 1928. Dated, January 30, 1928. MARGARET J. CANFIELD, as Executrix of the Will of William E. E. Little.

V. E. VAN WAGENEN, Attorney, Kingston, N. Y.

# See these features of the NEW OLDSMOBILE

## THE FINE CAR OF LOW PRICE

**T**HE Fine Car of Low Price" is the earned title of this new Oldsmobile Six . . .

Earned by virtue of the most imposing array of quality features ever embodied in any car priced "for the American family!"

Body features . . . engine features . . . performance features . . . equipment features . . . features new and different, smart and refreshing . . . many so daring, so obviously a pace ahead as to reflect a buoyant, modern spirit unapproached in even the best of cars at anywhere near its price.

The instant you view its new body by Fisher you will recognize these facts. But you can't grasp their full significance till you know the whole story of its new features.

### New, Larger Engine of High-Compression Type

If it is speed you want, just drive this new, larger Oldsmobile.

If it is smoothness you seek, you will be amazed to find acceleration from 5 to 25 miles per hour in 8½ seconds, so smooth and flowing that it has been compared to the steady, "stageless" pickup of an electric motor.

If power is important to you, here is developed 55 horse power.

And even with more speed and more power, here also is greater operating economy.

All these are the results of a new and larger L-head engine . . . a high-compression engine. This engine embodies a new cylinder head developed in the General Motors Research Laboratories—a head of exclusive design which permits full, smooth power flow, and provides the advantages of high-compression design without special fuels.

### Proved by a Million Miles

This engine stands proved by 1,177,000 miles of testing . . . proved under actual traffic conditions on the highways . . . proved under the searching eyes of engineers on General Motors Proving Ground. The surpassing efficiency of this engine is augmented by crankcase ventilation, which eliminates excessive dilution . . . by oil filter, air cleaner, a specially controlled cooling system and other features which are sources of great satisfaction. This engine is also notable for remarkable rigidity of crankcase and cylinder block. It rides on a rubber cushion mounting; not the ordinary rubber mounting but a positive "discovery."

### Two Years Ahead

But the triumph achieved in this great engine is but one of innumerable features which stamp this new larger Oldsmobile as at least two years ahead of current automotive practice.

Easy operation is an outstanding quality . . . easy control, easy steering, easy parking.

New sources of long life are presented by point after point in the design and construction of body, chassis and engine.

A new degree of safety, stronger assurance of dependability, added elements of operating thrift . . . all are expressed in surprising provisions for that thorough satisfaction which has heretofore identified high-priced cars.

### Automotive Critics Praise It

Blanchard of Motor, Boynton of Automotive Daily News, Cleary of Motor Age and Denham of Automotive Industries, are among the eminent automotive critics whose commendations of this Fine Car of Low Price come as further evidence that it is indeed two years ahead.

TWO-DOOR SEDAN '925 F. O. B. LANSING

Naturally interested in technical merits, their attention has focused largely on the engine and upon the many chassis features.

These chassis features include—four-wheel brakes, and specially selected springs—which, with a complete set of four Lovejoy hydraulic shock absorbers, make riding gliding.

### Silenced Chassis Silenced Interior

In no respect is this new Oldsmobile more truly the fine car than in its quietness. Not till you have ridden in it can you realize how the new rubber cushioning of the motor, a new rubber core clutch, a new double-cushioned universal joint system, new non-squeak shackles and even rubber cushioned bumpers, combine with sound insulation to silence both chassis and body.

This insulation of the body between the interior and the engine is an outstanding feature.

Hidden, but constituting a tremendous source of satisfaction, this insulation provides a silenced interior—the finishing touch to that all-around riding enjoyability which is a dominant characteristic of this new Oldsmobile.

### Super-Sturdy New Frame

The frame is of remarkable rigidity, ruggedly formed of heavier gauge steel with channels five and a half inches deep, flanges 2¾ and 3 inches respectively, and five sturdy cross-members. This frame is tapered at front to provide an unusually short turning radius, and is "low-dropped" to achieve extra low body lines and road security. The rubber core clutch mentioned above also adds softness to clutch engagement. A new progressive starter separates gear engagement and release of starting motor into two successive operations accomplished by one pressure on the

starter—a method of decided advantages. The easy starting that results is a fitting beginning to easy operation throughout, such as easy shifting and easy steering with the adjustable-height steering wheel.

### New Driving Enjoyment

New vertical radiator shutters, new controlled cooling, thermostatic charging, full-automatic spark and engine-temperature thermometer on instrument panel, all add new ease and enjoyment to winter driving.

And, winter or summer, this new Oldsmobile will be found to possess a roadability positively uncanny . . . steadiness and dependability that are equally matters of enjoyment and safety.

And so the story of this great new Oldsmobile continues through details of engine and chassis to a triumphant climax in its crowning glory—the daintily modish new body by Fisher.

### Seven New Creations By Fisher Artist-Engineers

This new Oldsmobile is presented in seven body types: Two-Door and Four-Door Sedans, Landau Coupe, Sport Coupe, Sport Roadster and Sport Phaeton. All embody the striking style elements heretofore noted, and in addition those rugged structural qualities and invaluable convenience appointments for which these master body-makers are justly famous.

Generous use of fabric beading between metal surfaces prevents body squeaks. Flush door construction, so characteristic of costly cars, is a feature. The windshield is of the Fisher VV type, the parking lock of superior theft-proof design.

Rounding out the whole are equipment items commonly considered "extra," but standard with this Fine Car of Low Price. You will

instantly recognize them as extraordinary for their completeness. The list includes rubber-cushioned bumpers, front and rear, rear view mirror, Lovejoy hydraulic shock absorbers, engine temperature thermometer on instrument panel, fuel gauge on instrument panel, automatic windshield wiper and rear traffic light.

### A Car to be Proud of

The style and luxury elements now found in this smart car read like the descriptions of expensive cars that everyone has coveted. To begin with there is a longer wheelbase and longer body design . . . an over-all length of 171 inches. Doors are larger, windows wider and lower. The low frame provides that jaunty effect so desirable. This jaunty effect is further emphasized by new full-crown fenders of sweeping lines and by new, smaller wheels with smart oval spokes and 28 x 5.25 balloon tires.

### Ultra-Modern Styling

The body design itself is sensational. We realize that any automobile manufacturer may say this and believe it. But public opinion is too definitely expressed, the modern spirit too unmistakable, to permit of any doubt regarding the popularity of this voguish, ultra-modern styling. Never has Fisher artistry achieved more refreshing freedom. Vivid, vibrant colors in enduring finish further the effect. Smart, distinctive touches complete it. For example, the headlights are of semi-bullet type; the radiator cap is of that smart flat design and the front-end view is deep-radiated with wing-like fender lines, the whole effect being enhanced by vertical radiator shutters.

Exterior polished parts are chromium-plated, exposed nuts and screws cadmium-plated.

### New Roominess

The interiors are marked by new roominess and the charm of new, modish upholstery and finishes, as smart as they are rich and tasteful. A high point of beauty is the handsome new instrument panel. All indicators, including fuel and oil gauges and new engine-temperature thermometer, are enclosed under one glass and indirectly illuminated.

The all-black steering wheel is of an attractive design which again reminds one of expensive cars. The sensitive horn button at the center is mounted flush. It operates a new, deep-voiced horn. Also on the wheel are neat hand-accelerator and headlight levers, the latter operating twin-beam headlights with offset parking light.

### A General Motors Triumph

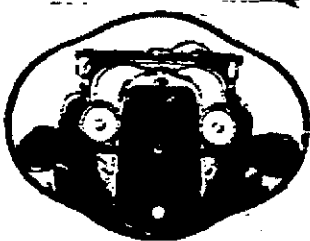

Such in effect is this new Oldsmobile—sweepingly new, smart and thrilling. Never have the advantages of General Motors resources, of General Motors research, of General Motors Proving Ground facilities shown more emphatically. Their result is a car which eclipses all former conceptions of value in cars "for the American family." And behind this story of achievement stands the story of a cherished ambition—the story of Oldsmobile's policy pledged to progress.

The builders of this car set out to produce the car the people wanted. And they have done it.

So swift, so smooth, so quiet, so comfortable, so easy to drive and so good-looking is this new Oldsmobile, that you will agree with the man who inspected it and said—

"You can buy a bigger car, but not a better one."

## May Feed Poultry All-Mash Ration

Ohio Experiment Station to Tell of New System at Cornell Farm and Home Week—Offer Varied Program.

Ithaca, N. Y., Feb. 7.—Rations consisting of mash only, or those commonly called "all-mash", are practical for all classes of poultry, according to Dr. D. C. Keenard of the poultry division of the Ohio Agricultural Experiment Station at Wooster, who will tell of his experiments in feeding this type of ration and discuss them from the stand point of the practical poultryman on Tuesday of Farm and Home Week at Cornell University here, February 13 to 18.

On Tuesday, also, Professor James E. Rice, head of the poultry department, will tell how judging poultry for production and for standard qualities may be combined. Professor Rice also is scheduled for a talk on Monday morning on "the poultry outlook". The newly enacted New York state egg grades will be discussed on Wednesday afternoon by H. D. Phillips, director of the department of agriculture and markets at Albany. Following his talk, Mr. Phillips and F. A. Jones, also of the state department, will show how to candle and grade eggs to meet the state requirements.

Other topics on the program of the week for New York poultrymen include, fall and winter management, importance of sunlight to poultry, some unnecessary additions to the poultry ration, growing broilers, importance of cod liver oil for poultry, how to keep the poultry house dry, brooding systems, systems of breeding for egg production, capon production, and an egg marketing program for New York state.

### Poultry Association

F. C. Plinston of Springville and M. M. Griffiths of New Hartford, president and secretary-treasurer, respectively, of the New York state cooperative poultry certification association will tell the progress of the association and what it means to poultrymen of New York state.

A poultry judging contest, one of five judging contests for teams from high schools and state schools of agriculture, will be held on Thursday afternoon, under the supervision of Dean R. Marble of the poultry department. A cup for the highest scoring team and medals for high individuals are offered. The other judging contests are milk, live stock, fruit, and potatoes.

Programs of Farm and Home Week, containing complete information on all sessions, may be obtained by addressing the college of agriculture at Ithaca, N. Y.

### NEW PALTZ

New Paltz, Feb. 7.—Mrs. MacCauley is spending a few weeks as the guest of her daughter, Mrs. Sears, of Milton.

Somers Gardner and a party of friends from New York city spent Sunday with Mr. and Mrs. M. Gardner.

C. C. Ward and Emory Jacobs of the Normal School faculty, conclude their courses for an M. A. degree Saturday at Teachers' College, Columbia University. Miss Nichols will continue for her M. A. degree at Columbia, also Mr. Matteson, who is working for a Ph.D.

Dr. Lawrence H. Vanden Berg spent Monday and Tuesday in Albany on school business.

Miss Fletcher attended a meeting of the Deans of Teachers Training Institutions of the State of New York at Syracuse University February 4. The subject discussed at the time were Personal Work, Housing Problems, Sorority Problems, Extra Curricula, Orientation, Student Government.

Friday evening, February 3, the New Paltz Normal basketball team played the last high school team from Ellenville.

On February 9, the Agonians will give a public tea and bridge party at the Agonian House from 2:30 to 5 in the afternoon and 6 to 7 in the evening.

C. C. Ward spent Tuesday in Albany.

The annual Schoolmasters' banquet is to be held at the Palatine Hotel, Newburgh, next Thursday evening. A few of the New Paltz Normal faculty are planning to attend.

There is an enrollment now of twenty-four new students in the Normal School who are beginning their teachers' training course this semester.

Mrs. Oscar Zimmerman is visiting her grandson, Albert Fowler, at Alhambra, Pennsylvania.

Mrs. Lorin Connor, who has been ill with a bad cold, is improving nicely.

Mrs. Frank J. LeFevre went to New York on Wednesday to see her cousins, Mr. and Mrs. Frank I. Smith, sail for a trip abroad.

Moses Sprague spent the week end in New York city visiting his son, Curilla, who is in the employ of the General Electric Company.

Mrs. Andries LeFevre lunched with Mrs. Ernest Clapp in Poughkeepsie last Friday.

Miss Margaret Hasbrouck entertained a few friends Monday afternoon and evening.

Mrs. James Hull of Clintondale called on Mrs. Erasmus Gerald on Wednesday.

Fred Dezo has been confined to his home with a bad cold.

Dwight C. Seward is back at his duties in the Huguenot Bank, after being ill for some time.

Mr. and Mrs. Jay LeFevre attended a dinner and dance at the home of Mr. and Mrs. George Pratt in Highland last Wednesday night.

Mr. Willard DuBois entertained at bridge on Monday afternoon.

Robert DuBois visited Poughkeepsie Thursday afternoon.

M. Gardner has returned from New York Monday.

## For Health and Economy

Thirty-six percent of the average family's income is spent for food, according to figures from the United States Department of Labor. With food making such inroads on the family budget, proper refrigeration is important for economy. And with the whims of winter weather this is just as important for health as in the summer months.

With Frigidaire you invest in food saving and health. The constant dry, cold atmosphere keeps food fresh, retaining the natural flavors and health giving properties over a long period. Frigidaire can be installed in your home for \$195 cash.

**Central Hudson Gas & Electric Corporation**  
 611 Broadway, — Phone 1400.

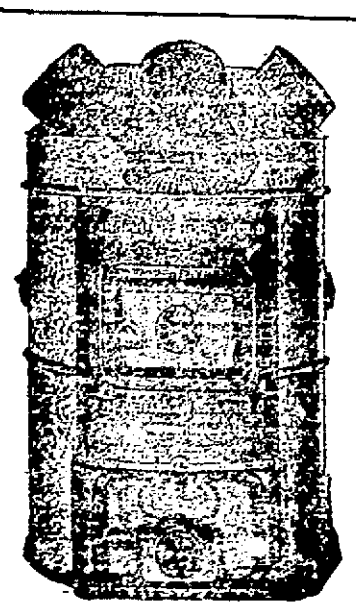

## STRICKEN SUDDENLY

Almost daily we hear of it—the story of some man, probably a friend, suddenly cut off in the midst of his usefulness, in the very prime of life. That's what high blood pressure and heart trouble will do—snap off life without warning. All due to our abnormal living habits which put too great a strain upon the vital organs, especially the liver.

The liver becoming weak and sluggish fails to cleanse the blood of the poisons formed in food waste. The whole system then becomes toxic, with stomach, kidneys, heart and blood vessels affected.

The liver, especially at middle life, needs a little help, and there's nothing better for this, as physicians today know, than a little ox gall.

Ox gall is a great natural stimulant for the human liver, promoting its normal active functioning, so essential to health and vitality. Dioxol tablets are genuine ox gall in dainty and tasteless form, each tablet representing ten drops of pure ox gall. They cost less than 2c each at good druggists, and one or two days' use will prove a revelation. To be sure of getting the genuine ox gall, ask for Dioxol.

High grade furnaces properly installed will supply normal humidity in the home and lead to health and comfort.

## Lime and Potash Are Big Clover Essentials

### Waste of Time to Plant Crop in Poor Soil

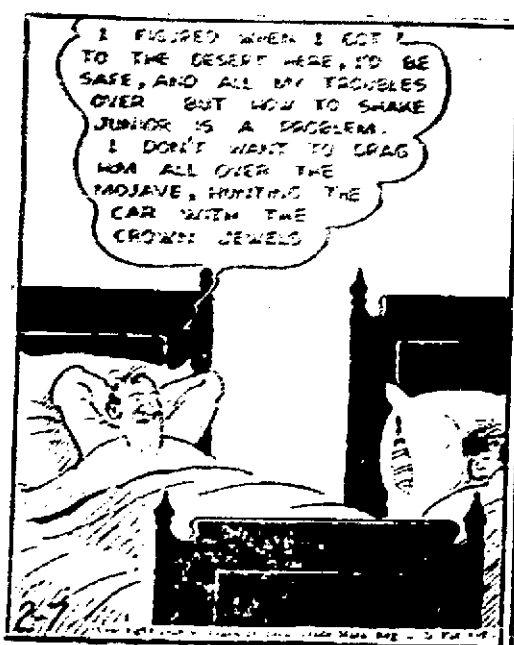

It is a waste of time and seed to plant clover in soil that lacks lime and potash. Experiments conducted at the New Jersey Agricultural Experiment Station during the past year.

Clover failed to grow when planted in soil that was deficient in lime and potash. The clover plants that were planted in soil that was deficient in lime and potash failed to grow. The clover plants that were planted in soil that was deficient in lime and potash failed to grow.

The soil chemists at the experiment station explain that lime is needed to counteract soil acids, as clover can neither germinate well nor grow in an acid soil. Clover absorbs large quantities of potash and if large crops are removed the soil is soon exhausted of the available potash. Experiments have shown that 25 to 50 pounds of muriate of potash to the acre usually meets the requirements of clover. Sometimes 100 pounds may be needed.

Where the soil has been properly inoculated with nitrogen-fixing bacteria it is not necessary to use nitrogen fertilizers on clover. The plant has the ability to obtain its nitrogen from the air through the aid of these bacteria.

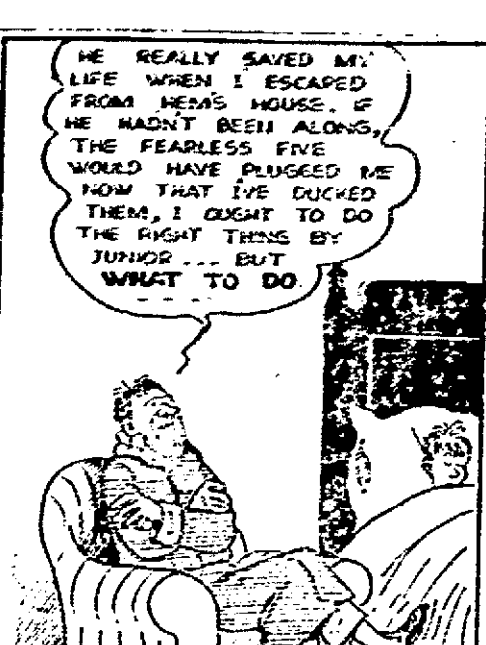

## GAS BUGGIES—Strangers in Town.

I FIGURED WHEN I GOT TO THE DESERT HERE, I'D BE SAFE, AND ALL MY TROUBLES WOULD BE LEFT TO SHAKE JUNIOR IS A DOG-LEG. I DON'T WANT TO CRAG HON ALL OVER THE MAJAVE, HUNTING THE CAR WITH THE CROWN JEWELS.

I CAN'T WAIT HERE TO HAVE JUNIOR OVER TO ME, WHEN HE COMES. HE'D ARREST ME FOR WHIPPING, AND IT WOULD BE THE ROCK-PILE FOR ME. JUNIOR'S BEEN SO GOOD, I CAN'T JUST DESERT HIM.

HE REALLY SAVED MY LIFE WHEN I ESCAPED FROM HIS HOUSE. IF HE HADN'T BEEN ALONG, THE FEARLESS FIVE WOULD HAVE PLUGGED ME NOW THAT I'VE DUCKED THEM, I OUGHT TO DO THE RIGHT THING BY JUNIOR... BUT WHAT TO DO.

IF THE DUKE HAD BEEN DOWN AT THE DEPOT, AND SEEN WHAT THE TRAIN DRAGGED IN, HE'D HAVE HAD SOMETHING ELSE TO RACK HIS BRAIN ABOUT.

SO THIS IS NEEDLES. CAN THE CHATTER. WE'RE NOT HERE ON A TRIP... COME ON, THERE'S A HOTEL.

## Sharp Disk Harrow Will Give Good Satisfaction

Don't start the spring work with a dull disk harrow. It is just as inefficient as a dull razor, only you can't feel it quite so keenly. If the disks have nicks in the edges, or if one side is rusted from standing on the ground, it will greatly lessen the quality of its work.

If it has been kept in fairly good condition, you can probably sharpen the disk satisfactorily with a hand-grinding outfit, but if it is very dull you had better take it to a shop with a power grinder and have the job well done. Sharpness is particularly important if you are to use the disk over a stalk field so that it has to cut through a large amount of stalk and trash.

Other things to examine are the bearings. The chances are that the old grease is hardened and dried, and the only way you can get the bearings thoroughly lubricated is to take the disks off and scrape out all the old grease and dirt. It is very desirable to equip such a machine as the disk with grease cups which are adapted to the use of a grease gun, so that the lubricant may be forced into every part of the bearings several times during the season. A small amount of grease in the right place saves an immense amount of wasted labor.

## Wayside Markets Become a National Institution

Millions of motorists have been reading signs like this: Beets, peas, squash, apples and honey, fresh eggs, 35 cents, and seeing these signs have bought. Small farmers everywhere have put up these little roadside markets where each year increasing thousands have purchased fresh produce. These wayside markets are becoming a national institution, bringing back the direct touch of farmer and consumer, says the Illinois Farmer. Probably some middlemen and retail groceries are displeased, but the consumer likes it. For nine months in the year the consumer must meet the demands of the merchants in the large cities, and therefore will have scant sympathy with him in this problem. This is growing into an immense business and the consumer is rejoicing in his ability to get really fresh vegetables and eggs without having to pay any number of persons for carrying them from the farm to his door.

## Plant Forage Designed for the Silo Nearby

In planting forage designed for the silo, a few details should be kept in mind. First, it should be grown as close to the silo or point of feeding as possible, because silage is bulky and should not be hauled any farther than necessary. A crop that is grown on rich soil under favorable conditions is generally of better quality than one grown on poor soil. Quick growth has less woody fiber and is more digestible and palatable; therefore, the land should have enough fertilizer to make a rapid growth.

## Now Using Muddy Water Method for Inoculating

A good many are now using the muddy water method for inoculating; that is, mix your dirt with water until it is smooth and about the consistency of thick cream, and apply it to the seed, stirring well. Probably, a little more dirt might accompany the seed when the seed had been previously treated with a thin glue water. Though inoculating methods are usually successful with sweet clover, they frequently fail with alfalfa, so far as a perfect stand is concerned.

## SHANDAKEN.

Shandaken, Feb. 6.—The Ladies' Aid Society met at the home of Mrs. F. S. Osterhout on Thursday, February 2. There were 25 members present. Six new members were added to the list. It was voted to commence work for a fair next summer. Mrs. George Rosa and Mrs. F. S. Osterhout entertained the society at luncheon.

Mrs. F. S. Osterhout has gone to Highland to stay another week with her mother, Mrs. B. C. Churchill, who is ill. W. D. Coons and F. S. Osterhout have their ice houses filled with ice from the pond of W. D. Coons. Mr. and Mrs. Earl Holder visited friends in Haines Falls on Sunday. Mrs. W. D. Coons and Mrs. Joseph Garrity visited Mrs. Ella Coons, a patient in Sahler's Sanitarium, Kingston, one day the past week. The dime social held recently by the Christian Endeavor Society in the church hall netted \$5.75. Prayer service held at R. Livingston's on Wednesday evening last was well attended. Thirty were present.

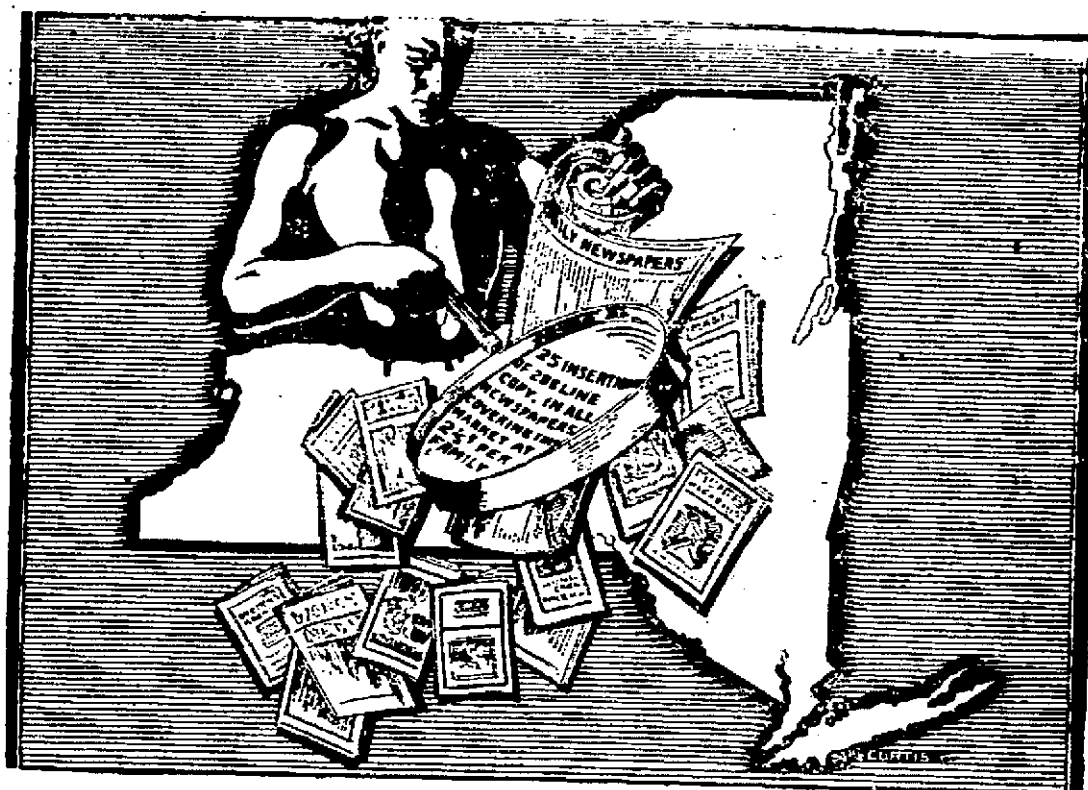

## HIGH WOODS.

High Woods, Feb. 6.—The monthly meeting of the Willing Workers will be held in the hall Wednesday, February 8, at 10 o'clock. This community was saddened to hear of the death of Mrs. Ella Longendyke of Saugerties last week. Mrs. Longendyke was a former resident of High Woods and much sympathy is extended to the children.

Mrs. George Kenyon entertained several friends Thursday evening. Those present were Mr. and Mrs. John Wadsworth, Mrs. Ralph Westphal, Mr. and Mrs. Lewis E. Snyder, and family, Mrs. Dora A. Snyder, Maidland Darrah and Mr. and Mrs. A. McGowan.

The young people are enjoying the coasting and there are parties on the hill almost every evening. Mrs. Elizabeth Braby spent a day this week at the home of her brother, B. S. Myer.

Men are lucky. None of them can understand women.

# Outstanding Medium With Concentrated Distribution

SUCCESSFUL advertising is based upon careful analysis of the reading habits and buying habits of those folks the advertiser desires to reach.

Differences in people are expressed in their individuality and, too, they are very evident in their selection of reading material. Hobbies, tastes, interests and environment have an unmistakable bearing on reading habits. But no matter how wide the difference in general reading, the one universal source of information for masses and classes is the daily newspaper.

In New York State, outside of New York City, there are 1,175,288 families. Practically every one of them reads the same publication every day—the daily newspaper—and all of them are influenced in their buying by what they read. That the distribution of these newspapers is complete and with very slight duplication is evident by their total circulation—1,531,466.

The buying power of any group is in direct relation to the earning capacity which can be easily established by consulting the United States income tax reports. New York State has the largest number of tax payers and the average tax paid is higher than for any other state. This can mean only one thing to an advertiser—a desirable market worthy of intensive cultivation.

One outstanding feature of this particular group of newspapers is their very low cost. A campaign of 5,000 lines (25 insertions of 200-line copy) in this entire list of newspapers costs less than 2½¢ per family—or about 1-10th of a cent for each insertion to reach each family.

There is available much data concerning this market, specific information that pertains to individual situations. Ask an executive of this newspaper or write to the ADVERTISING BUREAU, New York State Publishers, 709 Charlotte Street, Utica, New York.

## THE TOUGHEST OLD COUGH

### Can Now Be Stopped

Obstinate, lingering, coughs—the kind that hang on and hang on and rob a man of his sleep—the kind that makes him peevish and all worn out.

There are the breed of coughs that prove that common sweet cough syrups are about as useful as a bottle of ginger pop.

The quickest and surest way to get rid of a persistent, contrary, die hard cough is to take a teaspoonful of Broncholine Emulsion four times a day.

This REAL cough medicine is made to stop the old timers—the tough ones—the obstinate ones—and it does it without any loss of time.

And remember, there is no chloroform—no sugar—no dope in this grand cough medicine. It is a prescription for stubborn coughs and that's the kind it speedily conquers.

For ordinary coughs—two doses is usually enough. McBride's Drug Stores will gladly supply you so will dealers everywhere.

# FEBRUARY SALE

In February and August we have our Semi-Annual Sale of dress and drop-patterns of China, Gift Wares, Glassware, etc. Some of the items are an overstock of a pattern of glassware. The factory might discontinue a certain pattern of dinnerware, and so while the patterns are probably acceptable to most persons, they must be closed out because they are unobtainable for matching. We select the month of February for this sale, as it comes right after inventory, and we are informed as to what to expect of. We divide up the stock and place it on sale on tables at prices as follows: 3c, 10c, 20c, 30c, 40c, 50c, 75c, \$1.00 and up to \$2.50. Of course, first selection is the best.

## Results of Senior Games

The Thompson Five swamped the Ryan Five, 47-15 and the Fein Five defeated the Kantrowitz Sunday School League basketball game at the Y. M. C. A. Wednesday night at 8 p. m. The game promises to be interesting. The Thompsons are now in top place in the easy. The winners found the Ryan Five from all angles of the court. He was leading individual scorer with 29 points.

The second game was fast and interesting. The Kantrowitz Five had a rough time holding their opponents from scoring. At the end of the third half the score was 27-25 with the Kantrowitz boys on top, and when the final whistle blew the Kantrowitz boys held the score by two points, 33-31.

Dolson found the hoop 5 times from scrimmage and 8 times from the foul line. He was leading scorer with 18 points.

Boesneck, Colonials 12 164  
Murray, St. Peter's 12 162

**High Scores.**  
Single Game: Styles, Colonials 235  
Three Games: Fox, St. Peter's 402  
Team Score, three Games, Y. M. C. A. 2,621  
Team Score, Single Game, Y. M. C. A. 919

**WARNING AGAINST USE OF VACCINATION SHIELDS**  
Surgeon General H. S. Cumming of the United States Public Health Service has recently issued a warning against the use of any sort of vaccination shield or dressing, either at the time of or following vaccination against smallpox.

The Public Health Service has conducted studies extending over several years which show that shields or dressings applied to a vaccination are a cause of severe "takes" and delay healing. The investigations have also shown that such dressings produce conditions in the wound which are favorable for the development of tetanus, or lockjaw, which is an occasional complication of vaccination. Lockjaw, it is pointed out, is caused by accidental contamination of the vaccination with tetanus germs which live in soil, dirt, dust, etc.

The Surgeon General advises that no covering should be supplied to the vaccination. When this advice is observed and a small, proper type of insertion has been employed it is pointed out that the vaccinated spot will usually retain its natural covering, the skin itself, and in most cases, develop a dry scab without having become an open sore at any time. Should an open sore develop, an antiseptic dressing may be applied for a few days. Several layers of gauze pinned to the inside of a loose fitting piece is perhaps best for this purpose. If the dressing is attached to the arm it should be large and the adhesive strips applied loosely and as far from the vaccinated site as possible.

**West Park Men's Club Dance.**  
The West Park Men's Club was organized about a month ago and now numbers twenty-seven members. It has run several successful dances and plans have been perfected for a masquerade dance to be held Saturday evening, February 11, in the West Park school house. Prizes will be awarded for the best and the funniest costume worn at that time. There will also be a special dance with prizes for the lucky couple.

## Benedictine Ball Easter Monday

The Ladies Auxiliary of the Benedictine Hospital met last Wednesday afternoon at the hotel. Mrs. J. J. O'Brien was the guest speaker. The annual ball of the auxiliary was discussed. Mrs. J. J. O'Brien was the president of the auxiliary. The ball was decided to hold the ball in the hotel on Easter Monday night.

**Shift Improves Shop.**  
Joseph Schmitt, ladies' tailor and furrier, of 144 Broadway, has made extensive improvements to his shop. The workshop has been removed to the second floor. New machinery has been installed and the cover show room enlarged for the better display of his commodities.

## LANESVILLE

Lanesville, Feb. 6.—The Ladies' Aid of this place spent a very pleasant and profitable afternoon with Mrs. Frank Crosby on Thursday of last week.  
Harry Neil and family visited his parents in Port Ewen on Sunday.  
Miss Mary Lane is spending some time with friends in Poughkeepsie.  
Robert Ingalls of Oneonta was a week-end visitor in this place.  
Howard Townsend and family of Shandaken visited relatives in this place on Sunday.  
The Rev. and Mrs. McBain were pleasant callers in this place recently.  
The ladies of this place will serve an oyster supper on Wednesday evening at the church hall. A cordial invitation is extended to all.  
Mrs. and Mr. Frank Streik of Oneonta were week-end visitors at Henry Hayes.

**St. Mary's Wm. Games.**  
St. Mary's Parochial School basketball team would like to book games with teams in their class in this city. The team especially prefers quinquets of the Junior Sunday School League. Managers who wish to book games with St. Mary's may call N. Murphy, 1165-J.

**Kantrowitz Jrs. Won Game.**  
The Kantrowitz Jrs. defeated the Highland Junior quintet at the latter's court, score 21 to 20. Dakins, Hotelling, Kantrowitz, Perlman and Gaddis made up the winning combination.

## DAILY RADIO PROGRAM

Wednesday, February 8.

Can and Science, harmony, music, and the radio network become a part of the program that will be on the air at 12:30 Wednesday night. The program will be a special one, and will be broadcast from the radio network. It will be a special one, and will be broadcast from the radio network. It will be a special one, and will be broadcast from the radio network.

Our Own Little "Questions and Answers."

Which animal travels with the most and which the least luggage? The elephant takes his trunk; the fox and the cat the least, because they have only one trunk and comb between them.

Why is a baby like wheat? Because it is first cradled, then thrashed and finally becomes the flower of the family.

Why is a joke less durable than a church bell? Because after it has been told several times it is worn out.

Why do you suppose Adam and Eve used sugar? Because they raised Cain.

What bird is in season all year? The weathercock.

The telephone girl in a New York hotel answered a queer call over the house exchange the other morning about 11 o'clock. When she "plugged in" a man's voice said: "Hello, is that 'So-and-So Hotel'?" "Why no," said the girl, "this is the Such-and-Such Hotel."

"Oh, it's all right," said the man. "Just woke up and didn't know where I was."

Diner in restaurant looking at a dish waiter has just brought in— "What's that, waiter?"

Waiter (thinking he refers to a portion of the music being played): "That's a portion of the 'Merry Widow,' sir."

The tough job that tests your mettle and spirit is like the grain of sand that gives an oyster a stomach ache. After a while it becomes a pearl.

She was only a moonshiner's daughter but she never kept still.

Ninety per cent of the men looking for arguments are single.

"What nationality are you, boy?" "Well, I'll tell you. I'm kind of English that you put on billiard balls, the kind of Turkish you rub on towels, the Dutch that you find in treat, and the Scotch that comes in bottles. This ought to convince you that I'm really a Chinese puzzle."

A magazine editor is a fellow who sends a piece of copy to the composing room, and then prays that nothing will happen to make it sound foolish when it appears in print three months afterward.

Wanted—Woman to work for husband's room and board. Call at Potts Boarding House—Wetunka (Okla.) "Gazette".

Now, if he could only induce some of his sisters to sleep and eat for him. Paradise would be just within reaching distance.

About the most dangerous thing under these traffic conditions is to be thinking of something else.

Keep Your Distance.  
A live wire is an admirable thing. And yet its potency for ill is such it may send you with the angel band to sing.  
If you should ever dare, my dear, to touch it.  
A garlic sandwich is two pieces of bread traveling in bad company.  
An. Geranium. Ink does not come from incubators.  
After a man has decided he needs a new pair of pants, it takes about six weeks before he gets around to buying them.

Loveless Millionaires  
In our secret hearts we don't tremendously admire the captains of industry and their kind, though we may envy their power and wealth.—American Magazine.

The longest hole-in-one on record is credited to John Anderson who holed out from the tee on the old seventeenth at Brae Burn, measuring over 300 yards.

## THE BITE THAT'S RIGHT

By EUCLID

## News From the World on Wheels

The increased demand for American automobiles in Europe was most forcibly indicated recently, when, at 9:09 a. m., a transatlantic telephone order for 74 Studebaker and Erskine cars was received from The Hague, Holland, by H. S. Welch, manager of export sales of The Studebaker Corporation of America. The telephone order—which was for approximately \$100,000 worth of automobiles—was placed by L. W. Manson, Studebaker-Erskine distributor at The Hague.

Word from the Peerless factory in Cleveland indicates that the company has started on another record-breaking year. Actual shipments of cars for the last month are greater than those of any January in the experience of the Peerless Motor Car Corporation, with a single exception. The exception was in 1926, the peak year in Peerless history, when production on all models was in full swing.

Wholesale replacement of former Chevrolet models with the new 1928 line is now under way by the Hertz Driveurself Corporation, one of the largest fleet users of passenger automobiles in the world, which controls the operation of automobile rental stations in more than 300 representative cities in the United States and Canada.

A cabriolet for two, designed for the less conservative motor car owner, is announced as an addition to the list of body styles for the New Hupmobile Six of the Century. It comes with or without the rumble seat. A remarkable color effect has been produced in this car. Main body color is Hawthorne green with Zanibar green for the window reveals and wheels, black windshield frame and military visor, combined with stripings in old ivory.

GLOOMY PROPHETS SEE DREADFUL YEAR AHEAD

Old Almanacs Tell of World-wide Catastrophes.

London.—World-wide catastrophes, including wars, floods, earthquakes, and violent industrial upheavals, will make the year 1928 one of the worst in history, according to the popular prophetic almanacs published here.

Old Moore's almanac, probably the best known, predicts wars and rumors of wars throughout the world. Industrial unrest will occur at intervals. The political parties in Britain will undergo startling and unexpected changes with at least one big upheaval likely to set Britain in a ferment.

Western nations are urged to guard against the awakening of China, with its consequent reaction on the oriental temperament.

To Be Five Eclipses.

In the first of the five eclipses which occur during the year, three of the sun and two of the moon, it is predicted that every effort will be made to bring about the fall of the British government and to involve Britain in warfare. Political enterprise from Rome will endanger the peace of Europe, the forecasters say, and the Mediterranean basin will become a seething cauldron by the first week in August.

The next eclipse, it is prophesied, will witness martial feelings in Italy toward Austria. Secret plots against Britain will be hatched. War in the East will be followed by active warfare in many places.

A revolution among transport workers and mysterious deaths in high places feature the third eclipse, says Old Moore. Otherwise the period is a black.

The falling of the fourth eclipse on the horoscope of Mussolini is a final warning to the projector of the Roman empire. It is predicted. Mussolini is told to beware of France. There is a sign of active hostilities from Rome eastward. Tails will be followed by a great earthquake. Europe will face many exchange problems, and Britain will be no exception.

Danger to London is predicted in the final eclipse. There will be great alarm among the inhabitants and a sharp exodus. The city will be under a "cloud" greater and more distressful than the worst of its historic fogs. The people will have to face great hardships in regard to food supplies and transport service of all kinds. Some compensations are offered. The people will become more sober, while religious effort will receive a good

deal of encouragement. Good weather is predicted.

As a final warning, however, Old Moore forebodes the spread of Russian propaganda in India and China.

Raphael, "the Prophetic Messenger," has no soothing oil in his almanac.

Storms and Floods.

He predicts floods, earthquakes and widespread death and disaster early in the year, to be followed by a crescendo of disaster at the year end, December will be marked by great storms, and devastating earthquakes, affecting America, France and Europe. Britain will be faced by the danger of a great mining disaster.

March brings news of wars and declarations of war. Mussolini may be endangered, the almanac states, while fascism is likely to fall as a house of cards. A fearful fire and a railway accident, hurricanes, and seismic shocks will follow.

Sickness, labor revolts, a great spread of drug vices and other forms of vice, a wave of crime and an outbreak of pests of various sorts, are also predicted in the new year.

Remember This

**HEARING ON CUVILLIER BILLS DEFERRED TO THURSDAY**

Albany, Feb. 7 (AP).—The hearing on the Cuvillier bills designed to provide for a constitutional convention to repeal the 18th amendment, or to modify it, set for today, has been postponed until next Thursday, February 14. Assemblyman Cuvillier announced today. The reason for the postponement, he said, was to give an opportunity for persons living at a distance to attend.

No Firemen's Committee Meeting.  
There will be no meeting of the local committee of the Firemen's Association tonight. Postals were sent to committee members informing them that a meeting would be held on Tuesday, February 7, which is incorrect. The meeting will be held at the Central Fire Station on Tuesday, February 14.

**DIED**

**BARLEY**—At Poughkeepsie, N. Y., February 6, 1922, Sarah C., widow of the late John J. Barley.

**Financial and Commercial**

New York, Feb. 7 (AP).—Stocks turned decidedly higher after an early period of weakness. Hope for the marking up of the bill money renewal rate to 1 1/2 per cent, there was nothing in the day's news to influence the price. The "Public," however, appeared to be having more difficulty in attracting a resumption of short selling in some of the recently volatile specialties.

Landed Gas broke 5 points, Freeport Texas, 8, Detroit, Edison, 7 1/2, and General Railway Signal, 7 1/2. Midland Steel products were hampered down 5 or more points below last night's final quotations. U. S. Steel common and General Motors both lost their early gains of about 2 points each.

Renewal of selling pressure against the rails was in reflection of the poor 1921 earnings, preliminary figures of which are now being published. Pittsburgh and West Virginia collapsed six points, Gulf, Mobile and Northern 4 and Chesapeake and Ohio, Erie, Delaware and Hudson, Kansas City Southern, Missouri Pacific and Canadian Pacific sank 2 points or more.

Quotations given by Parker, McElroy & Co., members N. Y. Stock Exchange, 120 Broadway, New York City, branch office, 260 Fair street, 2:45 P. M. QUOTATIONS.

**Monday Club.**

The Monday Club met at the home of Mrs. Lawton this week. Much interest was shown in the coming play of Julius Caesar to be given at the high school under the auspices of the Federation of Women's Clubs on the evening of February 14. The paper for the day on "Chinese Arts and Crafts" was given by Miss Klotz, and was supplemented by a quite unusual exhibition of the very arts and crafts mentioned through the courtesy and generosity of Mrs. George DeForest Smith as well as some of the club members. The club will meet with Mrs. Lawton again next week when Miss DuBois will give her paper on "The Flowery Kingdom".

**Sorosis.**

The members of Sorosis met on Monday afternoon with Mrs. Brigham at her home. The paper for the afternoon in which she made an unexpected entrance, "The League of Nations and World Court," The Roll Call was current events. There was some discussion over the possible subject of study for next year, the matter was not decided. Progress was reported in the sale of tickets for the production of Julius Caesar by the Stratford Players at the high school auditorium on the evening of Tuesday, February 14. There will be tickets for school children at half the price of the adult tickets. Next week Sorosis will meet with Mrs. Van Wagenen who will have her paper on "Prohibition".

**25th Wedding Anniversary.**

Accord, Feb. 7.—Friends and relatives of Mr. and Mrs. George Coddington surprised them at their home in Accord on Saturday evening, February 4 in honor of their twenty-fifth wedding anniversary. Those present were: Mr. and Mrs. Raymond Lawrence, Mr. and Mrs. Percy Barley and daughter, Mrs. Golden Lyons, Mrs. Edith Drake, Mr. and Mrs. Carl Gazley, Mr. and Mrs. Ira Deyo, Mr. and Mrs. Fred Hendrickson and daughter, Mr. and Mrs. Oscar Coddington, Mr. and Mrs. George Johnson, Mr. and Mrs. Percy Gazley, Mr. Walter Voigt, Mr. and Mrs. Rooney Krom, Mr. and Mrs. T. Osterhoudt, Mr. and Mrs. Fred Simpson, Miss Silvia Simpson, Mr. and Mrs. William Alexander, Mrs. Phoebe Lawrence, Mrs. H. L. DeVoe, Mr. and Mrs. Cleveland Ryder, Mrs. William Fessit, Mr. and Mrs. Lawrence DeVoe, Mr. and Mrs. Mike Palmer, son and daughter, Mr. and Mrs. Samuel Davis and two sons, Mr. and Mrs. Harry Coddington, Mr. and Mrs. Charles Markel, Mr. and Mrs. William Osterhoudt, Miss Viola Osterhoudt, all of Accord, and Mr. and Mrs. Ed Corcoran of Poughkeepsie, Mr. and Mrs. Russell Decker, Mrs. Alfred Piester of Poughkeepsie, Mr. and Mrs. Custer Quick of Pine Bush, Orange county. The evening was

**New Method for Gleason Attacks LeBoeuf Report**

Washington, Feb. 7 (AP).—President's Commission on the LeBoeuf report will have to follow a new method today which the Prohibition Commission gave to the House committee in its study of the treasury supply bill. The new method is to make a closer check possible.

The patient delivers both original and duplicate prescriptions to the pharmacist, Doran continued. "After indicating upon the blanks the name of the person dispensing the liquor called for and the permit number of the store, the pharmacist retains one copy for his record and forwards the other copy to the prohibition office at the end of the month."

**Society Notes**

**Norton-Liscomb.**  
Anna H. Liscomb and James M. Norton were quietly married Monday evening in this city.

**Castiglione-Rodden.**  
Cosmo C. Castiglione of Port Ewen and Miss Winifred Rodden of 4 Ravine street were married February 5 by the Rev. F. N. Fitzpatrick of St. Mary's Church. They were attended by Michael Carpio and Mrs. Theresa Carpio.

**Bridge and Luncheon.**  
Mrs. Frederic Chidsey entertained at bridge and luncheon at the Kirkland Hotel Monday afternoon. Among those present besides the hostess were Mrs. Stuart M. English, Mrs. C. B. Van Gaasbeek, Mrs. C. K. Wood, Mrs. H. L. Van Nostrand, Mrs. P. K. Brinnier, Mrs. L. E. Sanford, Mrs. J. T. Garland, all of Kingston.

**Engagement Announced.**  
Mr. and Mrs. William T. Haines of 127 1/2 Forest avenue, Staten Island, announce the engagement of their daughter, Ella Muriel, to Oscar Edward Wiberg of Brooklyn. The wedding will take place Saturday, June 16, at the home of the bride, Mrs. Wiberg is a sister of Mr. and Mrs. Edward E. Wiberg of Harwood street and is employed by the Fidelity Trust Company in New York city.

**Daily-Morise.**  
William Daly, son of Mrs. Stephen Salisbury of West Bridge street, Saugerties, and Miss Enis Morise of South Braintree, Mass., were united in marriage by the Rev. E. L. Howe of the Saugerties Trinity M. E. Church Saturday evening. The attendants were Miss Agnes Hennehan and Alexander Schultz, both of Saugerties. After the ceremony a reception was held at the home of Mr. and Mrs. William I. DuBois of Clermont street. Mrs. Daly was formerly leading lady in the show "Oh, Dearies," which played at the Orpheum Theatre, Saugerties, recently.

**Monday Club.**

The evening was

**Those Famous Violins.**  
The famous Stradivarius made about 1,000 violins, half of which were lost or destroyed. Of the 500 still in existence about one-third are in the United States, the others being scattered over the rest of the world.

**Juvenile Query**

"Mamma," queried six-year-old Mary Lee, "how does a deaf and dumb girl say her prayers when she has a sore finger?"—New York Central Lines Magazine.

**From the Latin**

The word "specie" is derived from the ablative case of the Latin word "species," meaning sort or kind. It is the name given to metallic coins issued by the government as current money.

**Big Growth in Air Mail Service**

Washington, Feb. 7 (AP).—Six of the fifteen privately operated air mail lines in the country now are making a profit. W. I. Glover, second assistant postmaster general, has told a house appropriations subcommittee.

Testifying on the post office appropriations subcommittee. Testifying on the post office appropriation bill at hearings made public today, he disclosed that there now are 11,700 miles of air lines over which are mail flyers are traveling 24,757 miles each day.

Glover said there had been a healthy growth in the air mail service and that if congress should change the air mail rate from ten cents a half cent to five cents an ounce, as proposed in a pending bill, operators expected an increase in postage variously estimated at from 150 to 200 per cent.

The post office air mail virtually is paying for itself, he said, explaining that a study he had made several months ago had revealed almost \$4,000,000 in revenue, or about \$500,000 less than the air mail appropriation.

Glover described Chicago as the hub of the air mail system, with eighteen planes landing or departing there daily with mail.

**Odds and Ends**

The Ladies' Aid of the Albany Avenue Baptist Church will hold a regular meeting in the church parlors Wednesday at 3 p. m.

The Missionary Society of Trinity Lutheran Church will meet Wednesday afternoon at the home of Mrs. Arthur Tongue, President's Place. Roll call will be by note book. Every member is requested to attend.

**New York Egg Market.**  
New York, Feb. 7 (AP).—Eggs steady; receipts 29,422. Fresh gathered, extra firsts 35 1/2 c; 37 c; 37 c; firsts 35 1/2 c; 36 c; seconds 34 1/2 c; 35 c; storage first 33 c; 34 c.

Corn—March, 80 1/4 c; May, 81 1/4 c.  
Oats—March, 54 1/2 c; May, 55 1/2 c.

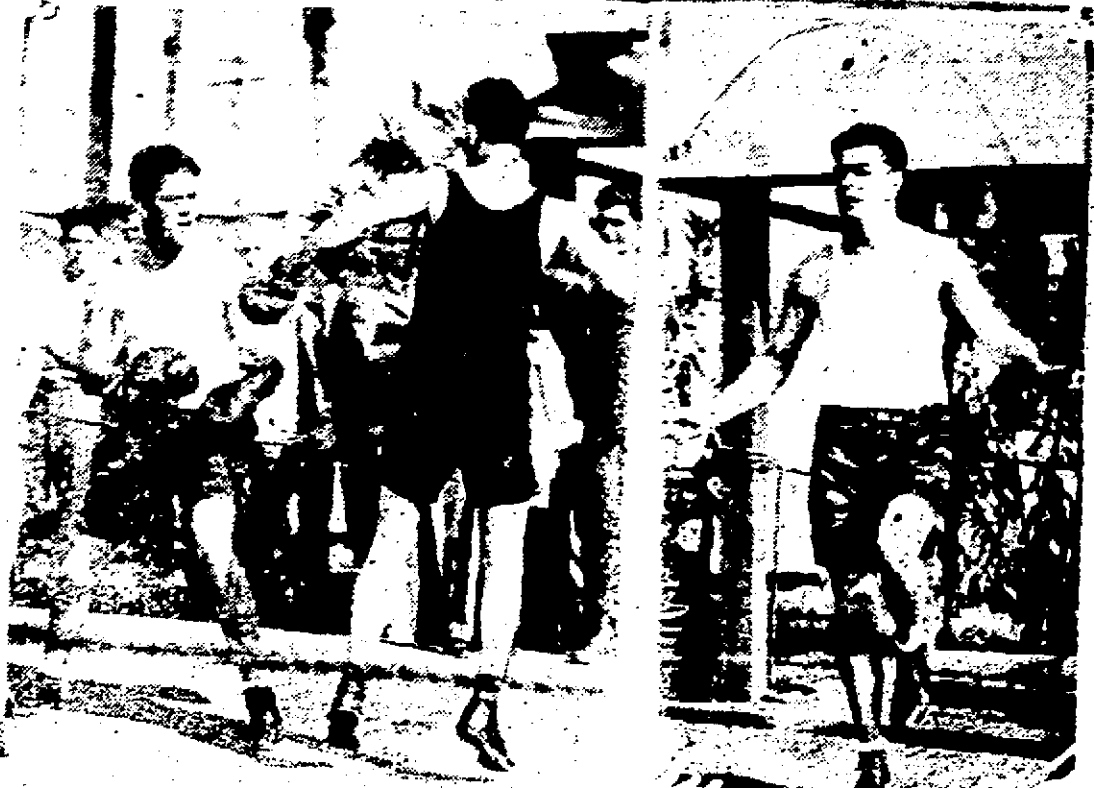

**Zoo Plans to Group Animals by Geography.**  
Berlin.—Animals in captivity are to be given a new deal at Munich, where the first "geographical zoo" is about to be constructed.

The custom of exhibiting the various species of wild and domestic animals according to types of families will be disregarded. Dinosaur, African and Manichurian lions will not occupy cages next to one another. Instead, African elephants, zebras and other fauna from the same continent will have their quarters in the same section of the zoo. Wherever they are not a type that seeks to devour or destroy the other, they will even be permitted to roam about within the same enclosure.

The directors of the Munich zoo believe that this is a much more humane way of dealing with beasts in captivity. Cages will be abolished as far as possible. It is hoped that breeding in captivity will be encouraged by this system.

The heart of Kosciuszko, which has been in Switzerland for a number of years for safekeeping, has been taken back to Poland. America does not need any such visible reminder that Kosciuszko had a heart, and a great one.

Only four horses—Man o' War, Exterminator, Zev and Saracen—have won \$100,000 or more in the history of American horse racing.

**TUNNEY STARTS LIGHT TRAINING IN FLORIDA**

New Tunney, heavyweight champion, has dropped his Shakespearean research work for the time being and has started work with the "pillows" in Miami, Fla. (International News Service)

**Local Death Record**

The funeral of Matthew B. Davin, who died suddenly at Hoboken, N. J., Friday, was held here upon the arrival of the train today. Interment was in the family plot, St. Mary's Cemetery, where the Rev. William H. Kennedy pronounced the final absolution.

Reuben Christiana, resident of Alsen for twenty-one years, died at his home Saturday of heart failure. He was a retired cooper. He was born in Marlborough, Uster county, May 26, 1852. The Rev. Jacob Van Ess, pastor of the First Reformed Church of Catskill, officiated at the funeral services held this afternoon.

Luther Myers died at his home in Homerville, near Mt. Airy, town of Saugerties, Monday afternoon. His death, which was sudden, came as a great shock to his family for in the morning he had been harvesting ice. A weak heart caused his death. Mr. Myers was an active member of the Katsbaan Reformed Church and a member of the consistory.

John Kolb died at his residence, 149 Pine street, Monday, February 6. Funeral Wednesday from the late home at 2 p. m. Interment in Flatbush cemetery. He is survived by his widow, who was Mary Papper; three sons, Thomas, Dewey and Edwin Kolb; four daughters, the Misses Charlotte, Edith and Elizabeth Kolb and Mrs. Charles Marshall, all of this city.

John C. Magnin, III for several weeks died at his home on Lafayette street, Saugerties, Saturday. He is survived by his wife and one sister, Mrs. George Washburn, and several nieces and nephews. Mr. Magnin was superintendent of the Saugerties water system to which position he was appointed after he had discontinued the brick business at Glasco. He was a member of the Saugerties Club. The funeral was held this afternoon with interment in the Mountain View Cemetery.

The funeral services for the late Miss M. Helen Freer were held Monday evening at the residence 29 Franklin street. There was a very large attendance of friends and many in delegations representing the various churches of the district. The Rev. C. B. Smith of the Baptist Church had charge of the services and spoke very feelingly of the beautiful Christian life of Miss Freer. Mrs. Edward Muller sang "Rock of Ages" accompanied by Mrs. John Muller. The floral tributes were profuse and beautiful, testifying to the high esteem in which she was held by all who knew her. The remains were interred today in the family plot in Floral Park cemetery, Binghamton.

The funeral of Mrs. Robert Murphy was held from her late residence, 50 East Chester street, this morning at 9:30 and at St. Mary's Church at 10 o'clock, where a solemn Mass of requiem was offered for the repose of her soul by the Rev. William H. Kennedy, assisted by the Rev. Francis X. FitzPatrick, deacon, and the Rev. Joseph B. Scully, D. D., subdeacon. A large funeral cortege and profusion of beautiful flowers attested to the high esteem in which Mrs. Murphy was held. The bearers were Thomas J. Murray, William D. Cashin, Edward T. McGill, Michael Powers, James Pheland and James F. Dwyer. Interment was in the family plot, St. Mary's Cemetery, where the Rev. Father FitzPatrick pronounced the final absolution. Members of the L. C. B. A. of which Mrs. Murphy was vice president for the past twenty years, held prayer services at the home Monday evening.

**SECOND ALLOTMENT FOR PUBLIC BUILDINGS**  
Washington, Feb. 7 (AP).—A second allotment of funds, totalling \$45,520,000, to carry out the administration's public buildings program, was provided for today in the annual supply bill for the treasury post office departments reported to the house.

The appropriation, a part of the \$230,000,000 that the government proposes to spend over a ten year period for new buildings here and throughout the country, includes \$18,955,000 to start work on buildings outside of the District of Columbia.

The remainder included \$3,000,000 for a new customs building in New York.  
Funds to initiate work on new post office-federal buildings during the fiscal year beginning next July were recommended as follows:  
Albany, N. Y., \$750,000; Amsterdam, N. Y., \$600,000 (for acquisition of additional land commencement of extension and remodeling); Binghamton, N. Y., \$500,000; Dunkirk, N. Y., \$750,000; Elmira, N. Y., (extension and remodeling), \$225,000; Erie, Pa., \$200,000; Lancaster, Pa., \$140,000; Newburgh, N. Y., \$125,000; Niagara Falls, N. Y., \$75,000 (rehabilitation of custom house); Plattsburg, N. Y., \$100,000; Scranton, Pa., \$500,000; Watertown, N. Y., \$100,000; White Plains, N. Y., \$150,000; Wilkes-Barre, Pa., \$100,000.

**Grass Cloth Ancient**  
The "grass cloth" of China has been used for more than 4,000 years.
